

Tele2 proudly present:

M2M Talks.

We are addressing you as an important person within M2M. We are all part of a growing segment and the future is with no doubt bright and shining. Devices will be connected and the services we bring and facilitate will make people's lives better. Jointly we will be able to make better business. That is great but is that the best we can do as a community within M2M?

Let's meet up, share ideas and talk about the M2M future!

Presentations will be held by:

- Mats Granryd, CEO at Tele2
– *"The importance of M2M for Tele2"*
- Rami Avidan, Head of Tele2 M2M Global Solutions
– *"Introducing Tele2 M2M Global Solutions"*
- Steve Hilton, Managing Director at MachNation
– *"Latest M2M/IoT trends and the importance of partnerships to become successful"*
- Alan Atkins, Vice President and Global head of M2M at Wipro
– *"Wipro in M2M/IoT"*
- Among others ...

Take the opportunity to meet with M2M peers and talk about your experiences and investigate further opportunities.

Register before Tuesday March 4th.

Read more about the event and register for the event [here](#).

Best regards
Tele2
