Guaranteed Euro Medium Term Note Programme

TELE2 SVERIGE AB

(incorporated with limited liability in the Kingdom of Sweden)

Under the €5,000,000,000 Guaranteed Euro Medium Term Note Programme described in this Prospectus (the “**Programme**”), Tele2 AB (publ) (the “**Issuer**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Guaranteed Euro Medium Term Notes guaranteed by Tele2 Sverige AB (the “**Guarantee**” and the “**Guarantor**”, respectively) (the “**Notes**”). The Guarantor has unconditionally and irrevocably guaranteed the due payment of all sums expressed to be payable by the Issuer under the Notes and the Coupons relating to them as further described in “Terms and Conditions – Guarantee and Status”. The aggregate nominal amount of Notes outstanding will not at any time exceed €5,000,000,000 (or its equivalent in other currencies).

This Prospectus has been approved by the *Commission de Surveillance du Secteur Financier* (the “**CSSF**”), as competent authority under Regulation (EU) 2017/1129 (the “**Prospectus Regulation**”). The CSSF only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of either the Issuer or the quality of the Notes that are the subject of this Prospectus and investors should make their own assessment as to the suitability of investing in the Notes. Application has also been made to the Luxembourg Stock Exchange for Notes issued under the Programme to be admitted to the official list of the Luxembourg Stock Exchange (the “**Official List**”) and to be admitted to trading on the Luxembourg Stock Exchange’s regulated market. References in this Prospectus to Notes being “listed” (and all related references) shall mean that such Notes have been admitted to the Official List and admitted to trading on the Luxembourg Stock Exchange’s regulated market. The Luxembourg Stock Exchange’s regulated market is a regulated market for the purposes of Directive 2014/65/EU (as amended, “**MIFID II**”) of the European Parliament and of the Council on markets in financial instruments. However, unlisted Notes may be issued pursuant to the Programme. The relevant Final Terms in respect of the issue of any Notes will specify whether or not such Notes will be listed on the Official List and admitted to trading on the Luxembourg Stock Exchange’s regulated market (or any other stock exchange).

The Notes may be issued in bearer form or in registered form. Each Series (as defined in “General Description of the Programme – Method of Issue”) of Notes in bearer form will be represented on issue by a temporary global note in bearer form (each a “**temporary Global Note**”) or a permanent global note in bearer form (each a “**permanent Global Note**”). If the Global Notes are stated in the applicable Final Terms to be issued in new global note (“**NGN**”) form, the Global Notes will be delivered on or prior to the original issue date of the relevant Tranche to a common safekeeper (the “**Common Safekeeper**”) for Euroclear Bank SA/NV (“**Euroclear**”) and Clearstream Banking, S.A. (“**Clearstream, Luxembourg**”). Notes in registered form will be represented by registered certificates (each a “**Certificate**”), one Certificate being issued in respect of each Noteholder’s entire holding of Registered Notes of one Series. Registered Notes issued in global form will be represented by registered global certificates (“**Global Certificates**”). If a Global Certificate is held under the New Safekeeping Structure (the “**NSS**”) the Global Certificate will be delivered on or prior to the original issue date of the relevant Tranche to a Common Safekeeper for Euroclear and Clearstream, Luxembourg.

Global Notes which are not issued in NGN form (“**Classic Global Notes**” or “**CGNs**”) and Global Certificates which are not held under the NSS will be deposited on the issue date of the relevant Tranche with a common depository on behalf of Euroclear and Clearstream, Luxembourg (the “**Common Depository**”).

The provisions governing the exchange of interests in Global Notes for other Global Notes and definitive Notes are described in “Overview of Provisions Relating to the Notes while in Global Form”.

Tranches of Notes (as defined in “General Description of the Programme – Method of Issue”) to be issued under the Programme may be rated or unrated. Where a Tranche of Notes issued under the Programme is to be rated, such rating will not necessarily be the same as the relevant rating assigned to the Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not a rating in relation to any Tranche of Notes will be treated as having been issued by a credit rating agency established in the European Union or the United Kingdom (the “**UK**”) and registered under Regulation (EC) No 1060/2009 on credit rating agencies (the “**CRA Regulation**”) will be disclosed in the relevant Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Prospective investors should have regard to the factors described under the section headed “Risk Factors” in this Prospectus.

This Prospectus will be valid as a base prospectus under the Prospectus Regulation for 12 months from its date of publication (ie. until 22 October 2021). The obligation to supplement a prospectus in the event of significant new factors, material mistakes or material inaccuracies does not apply when a prospectus is no longer valid.

Each of the Issuer and the Guarantor accept responsibility for the information contained in this Prospectus. To the best of the knowledge of each of the Issuer and the Guarantor (having taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

*This Prospectus has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area and the United Kingdom which has implemented the Prospectus Regulation (each, a “**Relevant State**”) will be made pursuant to an exemption under the Prospectus Regulation, as implemented in that Relevant State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant State of Notes which are the subject of an offering contemplated in this Prospectus as completed by final terms in relation to the offer of those Notes may only do so in circumstances in which no obligation arises for the Issuer, the Guarantor, the Arranger or any Dealer (as defined in “**General Description of the Programme**”) to publish a prospectus pursuant to the Prospectus Regulation or supplement a prospectus pursuant to the Prospectus Regulation, in each case, in relation to such offer. This Prospectus is to be read in conjunction with all documents which are incorporated herein by reference (see “**Documents Incorporated by Reference**”).*

No person has been authorised to give any information or to make any representation other than those contained in this Prospectus in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Guarantor or any of the Dealers or the Arranger (as defined in “General Description of the Programme**”). In the case of any Notes which are to be admitted to trading on a regulated market within the United Kingdom or the European Economic Area or offered to the public in the United Kingdom or a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Regulation, the minimum specified denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes).

The distribution of this Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by the Issuer, the Guarantor, the Dealers and the Arranger to inform themselves about and to observe any such restriction. The Notes and the Guarantee have not been and will not be registered under the United States Securities Act of 1933 (the “Securities Act**”) and include Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to U.S. persons. For a description of certain restrictions on offers and sales of Notes and on distribution of this Prospectus, see “**Subscription and Sale**”.**

This Prospectus does not constitute an offer of, or an invitation by or on behalf of the Issuer, the Guarantor, the Dealers or the Arranger to subscribe for, or purchase, any Notes.

Amounts payable under the Notes may be calculated by reference to the Euro Interbank Offered Rate (“EURIBOR”), the Stockholm Interbank Offered Rate (“STIBOR”) or the Norwegian Interbank Offered Rate (“NIBOR”) which are provided by the European Money Markets Institute (“EMMI”), the Swedish Financial Benchmark Facility and the Norske Finansielle Referanser AS (NoRe) respectively. As at the date of this Prospectus, EMMI appears on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (“ESMA”) pursuant to Article 36 of the Benchmark Regulation (Regulation (EU) 2016/1011) (the “BMR”).

Amounts payable under the Notes may be calculated by reference to the London Interbank Offered Rate (LIBOR), which is provided by the ICE Benchmark Administration Limited (“ICE”). As at the date of this Prospectus, ICE appears on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (“ESMA”) pursuant to article 36 of the Benchmark Regulation (Regulation (EU) 2016/1011) (the “BMR”).

As far as the Issuer is aware, the transitional provisions in Article 51 of the BMR apply such that the above benchmark providers are not currently required to obtain authorisation or registration.

To the fullest extent permitted by law, none of the Dealers or the Arranger accepts any responsibility for the contents of this Prospectus or for any other statement, made or purported to be made by the Arranger or a Dealer or on its behalf in connection with the Issuer, the Guarantor, or the issue and offering of the Notes. Each Arranger and Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of this Prospectus or any such statement. Neither this Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Guarantor, the Arranger or the Dealers that any recipient of this Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Guarantor during the life of the arrangements contemplated by this Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

NOTES MAY NOT BE A SUITABLE INVESTMENT FOR ALL INVESTORS - Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall

portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

LEGAL INVESTMENT CONSIDERATIONS MAY RESTRICT CERTAIN INVESTMENTS – The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

MIFID II product governance / target market – The Final Terms in respect of any Notes and any drawdown prospectus may include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “MiFID Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MIFID Product Governance Rules.

PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS - If the Final Terms in respect of any Notes includes a legend entitled "Prohibition of Sales to EEA and UK Retail Investors", the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA") or in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive 2016/97/EU (the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129(the "Prospectus Regulation"). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPs Regulation.

The selected financial data set forth in this Base Prospectus includes, in addition to the conventional financial performance measures established by the International Accounting Standards Board (“IFRS”), certain alternative performance measures (such as Underlying EBIDTA and Underlying EBITDA margin) that are presented for the purpose of providing further information as to the Group’s business, financial condition and results of operations. Such measures should, however, not be considered as a substitute for those required by IFRS.

In connection with the issue of any Tranche (as defined in “General Description of the Programme – Method of Issue”), the Dealer or Dealers (if any) named as the stabilisation manager(s) (the “Stabilisation Manager(s)”) (or any person acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may cease at any time, but it must end

no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or any person acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

In this Prospectus, unless otherwise specified or the context otherwise requires, references to “U.S. dollars”, “U.S.\$” and “\$” are to United States dollars, to “Sterling” and “£” are to pounds sterling, the lawful currency of the United Kingdom (the “UK”), to “euro” and “€” are to the currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty establishing the European Community, as amended, to “Swedish Kronor” and “SEK” are to the currency of the Kingdom of Sweden and to “Norwegian Kroner” are to the currency of the Kingdom of Norway.

This Prospectus will expire 12 months from its date in relation to Notes which are to be admitted to trading on a regulated market in the European Economic Area (the “EEA”) or in the United Kingdom (the “UK”) and/or offered to the public in the EEA or in the UK other than in circumstances where an exemption is available under Article 1(4) and/or 3(2) of the Prospectus Regulation. The obligation to supplement a prospectus in the event of significant new factors, material mistakes or material inaccuracies does not apply when a prospectus is no longer valid.

RISK FACTORS

The Issuer and the Guarantor believe that the following factors may affect their ability to fulfil their obligations under or in connection with the Notes issued under the Programme. All of these factors are contingencies which may or may not occur and neither the Issuer nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring. In each category the most material risks, in the assessment of the Issuer, taking into account the negative impact on the Issuer and the Bonds is presented first. The probability of their occurrence is presented by using a scale of low, medium and high.

Factors which the Issuer and the Guarantor believe may be material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

The Issuer and the Guarantor believe that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the Issuer or the Guarantor may be unable to pay interest, principal or other amounts under or in connection with any Notes for other reasons. Prospective investors should also read the detailed information set out elsewhere in this Prospectus (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

Factors which are material to the Issuer

1 Risks related to strategy and market

Acquisitions, divestments, strategic alliances and business combinations

The Issuer is constantly reviewing the Issuer's asset portfolio. In recent years, the Issuer has made a number of targeted acquisitions and divestments that complement the Group's strategy. The Group may also continue to expand and grow the Issuer's business through business combinations, strategic alliances, etc.

Successful implementation of strategic initiatives by the Issuer is, *inter alia*, dependent on the Issuer's ability to foresee the development of and meet customer needs in the markets where the Issuer operates, as well as transform the organisation and its processes (as needed). Should the Issuer be unable to execute the Issuer's business strategy such as execution of the Fixed Mobile Convergence (FMC) strategy and rollout of 5G technology in the mobile network, it could have an adverse effect on the Group's business, financial condition and result of operations.

Also, the efficient integration of the Issuer and Com Hem Holding AB (publ) ("**Com Hem**") and the realization of related cost and revenue synergies, as well as the positive development of the acquired operations, are expected to enhance the Group's results of operations both in the long and short term. If, however, the Group encounters unexpected difficulties in integrating or managing any acquired company, strategic alliance or business combination (including a merger) there is a risk that management's attention will be diverted away from other on-going business concerns and also that the expected benefits will not be realised either in the expected timeframe or at all. If any of the risks related to integration and managing growth were to materialise, it could have an adverse effect on the Issuer's business, financial condition and results of operations.

2 Risks related to the Group's operations

Structural subordination and the Guarantee

Most of the Issuer's operations are conducted through the Issuer's subsidiaries and to a large extent the Issuer depends on the earnings, cash flows, dividends and distributions of these subsidiaries to meet the Issuer's debt obligations, including the Issuer's obligations under the Notes. In addition, the Issuer's subsidiaries' assets constitute a significant part of the Issuer's operating assets.

The Group's subsidiaries occasionally incur financial obligations. In addition, in the future, the Group may finance investments by incurring debt in an appropriate subsidiary.

With the exception of the obligations of the Guarantor pursuant to the Guarantee, the Issuer's subsidiaries have no obligation in respect of any amounts due under the Notes and neither the Issuer nor the Noteholders will have any direct or indirect claim against any of the Issuer's subsidiaries (other than the Guarantor) other than

by virtue of the Issuer's shareholding in any such subsidiary. In the event of an insolvency or liquidation of such a subsidiary, creditors of any such subsidiary will have a claim to the assets of that subsidiary that ranks ahead of the Issuer's interest in those assets.

Further, if a Swedish limited liability company such as the Guarantor guarantees its parent company's obligations without deriving sufficient corporate benefit therefrom, the granting of the guarantee may only be valid up to the amount the company could have distributed as dividend to its shareholders at the time the guarantee was provided. If no corporate benefit is derived from the provided guarantee, such guarantee may be limited in validity as aforesaid. Consequently, there is a risk that the Guarantee will be limited in accordance with the aforesaid which could have an adverse effect on the Noteholder's security position.

3 Legal risks related to the Issuer and the Issuer's business

Regulatory risk

The Group is involved in legal proceedings that may disrupt the Issuer's operations and the Issuer's reporting of financial results

The Group and the Issuer's affiliated companies are involved in a number of litigation and arbitration proceedings under industry-specific and general laws and regulations, including with customers, competitors and regulatory authorities.

The Group has made determinations regarding accounting provisions for these proceedings based on the advice of the Group's legal counsel. However, actual decisions of courts and arbitration tribunals may not match the Group's expectations and could result in large damages awards and/or other remedies against the Group that affect the Group's interests. Any future governmental, legal or other similar proceedings can be costly, divert management attention and may result in reputational damage for the Group. Any unsuccessful litigation or arbitration proceedings (whether based on a judgment or a settlement agreement) or adverse publicity may have an adverse effect on the Group's business, reputation, financial condition and results of operations.

Impact of regulatory frameworks on the Issuer's business

The Group's business is regulated in many different jurisdictions. The regulatory framework in which the Group operates may become more restrictive, increasing costs and burden in existing or new markets, and may materially and adversely affect the Issuer's ability to operate the Group's business, for example, by resulting in a decreased level of flexibility in setting tariff structures for interconnection and roaming service. Access regulation, which ensures competition by giving access to incumbents' copper and fiber networks in case of significant market power, may be relaxed with the review of the European Telecoms Regulatory Framework, as a result of which the competitive pressure on the Group's business could increase.

The potential regulation of cable services to multi-dwelling units, or conversely the deregulation of current open access to single dwelling units, in Sweden could have an adverse impact on the Issuer's business. The continued focus of regulators on Net Neutrality could prevent the Issuer from entering into partnerships or developing new pricing models, such as the "zero-rating" of certain data services of the Issuer's partners. Further changes in consumer protection legislation could affect the market on which the Issuer operates and the terms on which the Issuer can offer services bundled with hardware over fixed-term contract periods.

If the Issuer is unable to effectively respond to regulatory changes, it could have an adverse effect on the Issuer's business, financial condition and result of operations.

The Issuer is subject to resolutions and investigations by authorities and governmental bodies that may change their interpretation of current legislation

The telecommunications sector is a priority for various regulatory authorities. The Group's operations are dependent on such authorities' interpretations of the current laws, treaties and regulations in the countries where the Group operates. Contractual conditions and fees in agreements that are included in the Issuer's operations, are subject to general EU and Swedish competition law. The Swedish Competition Authority (Sw. *Konkurrensverket*) (the "SCA"), as well as the EC and/or other national competition authorities, have the power

to initiate ex-post regulation procedures and to instruct the Issuer to cease applying contractual terms and fees that are found to be anti-competitive and also impose administrative fines on the Issuer.

The wholesale and retail termination fees charged by the Issuer are subject to regulatory adjustment by the SCA, PTS or the EU and hence the Issuer may be restricted from imposing or enforcing certain pricing mechanisms, including volume-based discounts and exclusivity provisions. In the event that the contractual conditions and associated fees for some television channels were reduced to a level that cannot be justified as being non-discriminatory, the Issuer may be exposed to claims from other television channel providers or the SCA for equal treatment or alleged abuse of the Issuer's position on the market. If these contractual conditions and fee structures are successfully challenged, the Issuer could, under certain circumstances, be found liable for fines or damages.

PTS may also impose on operators of public electronic communications networks with significant market power ("SMP") the obligation to grant access to network components and facilities, and to offer the re-sale of their electronic communications services on a wholesale basis. The Issuer has been found to have SMP in certain markets and we could in the future be found to have SMP in additional markets.

Furthermore, PTS may require an operator to provide access to wiring inside buildings where it is justified on the grounds that duplication of the infrastructure would be economically inefficient or physically impracticable. Additionally, a network operator shall upon written request of an undertaking providing or authorization to provide public communications networks, meet all reasonable requests for access to our physical infrastructure under fair and reasonable terms and conditions. Furthermore, every public communications network provider has the right to access any existing in-building physical infrastructure with a view to deploying a high-speed electronic communication network if duplication is technically impossible or economically inefficient.

If any of the above risks would materialise, this could have a material adverse impact on the Issuer's business, financial condition and results of operations.

4 Risks related to financing, internal control, financial reporting and tax

Risks related to the Issuer's past or current tax position being challenged or changed

The Issuer operates through a number of subsidiaries in several countries. The Group's tax position rests on the Issuer's interpretations of the current tax laws, treaties and regulations in the countries where the Group operates and the requirements of the relevant tax authorities. The Issuer and the Issuer's subsidiaries are from time to time subject to tax reviews. There is a risk that tax audits or reviews may result in the reduction of tax loss carry forwards or the imposition of additional tax, in particular due to the Issuer's acquisitions and sales of shares, financing, intra-group reorganisations, application of transfer pricing and the structure of the Group.

Tele2 currently has tax disputes in both the Administrative Court of Stockholm and the Administrative Court of Appeal regarding interest expense deductions on debt to Tele2 in Luxembourg. In 2017, the Administrative Court in Stockholm rejected the Guarantor's claims for a deduction of interest expenses on intra-group loans related to the years 2013 and 2014 according to interest limitation rules introduced in 2013. The Group has appealed the Administrative Court's rulings. The Swedish Tax Agency has also challenged deduction for interest expenses for 2015 to 2018. Total provisions in relation to the tax disputes as of 31 December 2019 amounted to SEK 366 million. The Administrative Court of Stockholm and Administrative Court of Appeal have decided to postpone Tele2's tax disputes until further notice. The reason is that the Supreme Administrative Court has granted leave to appeal in a tax dispute where the Swedish interest limitation rules consistency with EU law will be decided.

Further, the Issuer was notified in April 2019 that the Swedish Tax Agency has rejected the Issuer's claim for a deduction of an exchange loss related to a conversion of a shareholder loan to the joint venture MTS in Kazakhstan from USD to Kazakh Tenge in connection with the establishment of the Issuer's divested joint venture in Kazakhstan. The additional tax claim amounts to SEK 241 million and a tax surcharge of SEK 111 million. The Issuer has appealed the decision in July 2019 to the Administrative Court in Stockholm. No provision has been made in the accounts.

In the event that the Issuer's interpretation of tax laws, treaties and regulations or their applicability is incorrect, or if one or more governmental authorities successfully make negative tax adjustments with regard to an entity of the Group, the Group's past or current tax position may be challenged. In the event tax authorities were to succeed with such claims, this could result in an increased tax cost, including tax surcharges and interest which could have an adverse effect on the Group's business, financial condition and results of operations.

Currency risk

Currency risk is the risk of changes in exchange rates having a negative impact on the Group's performance and equity value. Currency exposure is associated with payment flows in foreign currency (transaction exposure) and the translation of foreign subsidiaries' balance sheets and income statements to SEK (translation exposure). The Group does not generally hedge transaction exposure. When considered appropriate, the Group hedges the Issuer's translation exposure related to some investments in foreign operations by issuing debt or entering into derivative transactions in the currencies involved. A five per cent. currency fluctuation against the Swedish krona would affect the Group's total net assets by SEK 534 million. A strengthening of the SEK towards other currencies would impact net assets negatively. This could have an adverse effect on the Group's business, financial condition and results of operations.

Risks related to material weaknesses in internal control over financial reporting

Due to legal requirements to fulfil requirements of the US Securities and Exchange Commission in connection with the Merger, the financial statements for the years ended 31 December 2015, 2016, 2017 and 2018 that were included in the registration statement were required to be audited in accordance with the auditing standards applicable in the United States, as a result of which, certain material weaknesses in internal control over financial reporting were identified; indicating a reasonable possibility that a material misstatement in financial statements will not be prevented or detected on a timely basis.

The material weaknesses relate specifically to (i) the lack of review and supporting documentation of manual journal entries, (ii) accounting for significant and complex transactions and judgements, particular in the areas of deferred tax, leases, business combinations and hedge accounting; and (iii) deficiencies in the application of the risk assessment and control activities components of the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") in Internal Control – Integrated Framework (2013).

If the Issuer is unable to successfully remediate material weaknesses or if the Issuer identifies additional material weaknesses, and if the Issuer is unable to produce accurate and timely financial statements, the Issuer's financial statements could contain material misstatements that, when discovered in the future, could cause them to fail to meet their future reporting obligations.

The Group is subject to the covenants in relation to the Issuer's financing arrangements

Under the terms of the Issuer's financing arrangements the Group must comply with certain covenants. If the Group breaches any covenant and fails to receive a waiver regarding such breach from the Issuer's lenders or sign an amendment modifying any such covenant, the Group's debt obligations under the Issuer financing arrangements may be accelerated or further credit may be withheld.

The restrictions under the Issuer's financing arrangements could make it more difficult for the Group to expand, finance the Issuer's operations or engage in business activities that may be of interest to it, any of which could have an adverse effect on the Group's operations, result, financial position and the Issuer's ability to make payments under the Issuer's financing arrangements and the Notes.

Factors which are material to the Guarantor

5 Risks related to strategy and market

Competition and price pressure

The markets on which the Guarantor operates is highly competitive. The Guarantor's ability to compete successfully depends on a number of factors besides competition, including changes to current market participant strategies (such as consolidation and M&A activity), new entrants, new products and market dependency. These factors could force the Guarantor to make adjustments in the business model or changes in the company's business and pricing strategy. Increased competition could also lead to the development of new market segments (e.g. IoT) or new forms of connectivity (e.g. VoIP, embedded SIM, 5G, fiber replacing cable), changed customer behaviour or lead to a decrease in customer growth rates and loss of market share and competitive position.

The Group has undergone a profound change for the Swedish consumer business in 2018, as it made the transition to become a full-service provider of mobile, fixed and digital entertainment services to Swedish consumers through the merger with Com Hem which was undertaken by way of absorption with the Issuer as absorbing company and Com Hem as the transferring company (the "**Merger**"), thereby adapting to a market mechanism of providers of telecommunication services selling Fixed Mobile Convergence (FMC) offerings. Also, the Swedish business (B2B) segment is going through a period of restructuring in order to focus on higher margin, network-based ICT services, with an aim to make structural cost savings and improve revenue growth trends. These developments also expose the Guarantor to competition and price erosion risks in a relatively flat Fixed Mobile Convergence (FMC) market in Sweden.

Also in Sweden, in contrast to many other markets, the infrastructure upon which the Guarantor relies to provide the Guarantor's services is largely overbuilt by the infrastructure of competitors, allowing existing or potential customers to select their provider from among several different operators. Similarly, low switching costs in the mobile market, such as the legal requirement for a customer to be able to retain their mobile number when switching providers, could result in significant customer churn in the event that the Guarantor's mobile service offerings become uncompetitive.

If the Group's response to this competitive environment is unsuccessful or does not occur in a timely manner it may lead to a loss of customers and market shares which in turn will have an adverse effect on the Group's earnings.

Risks related to changing technology

The Guarantor operates in markets characterized by rapidly changing technology. This may result in price erosion and increased price competition for the Guarantor's products and services. The new technology in the telecommunications market includes, for example, OTT Services, embedded SIMs and 5G rollout. The Guarantor may be adversely affected by development of new technologies, for example, developments in OTT services may exceed the technological capabilities of the Guarantor's broadband network and offer content that meets customer demands while being unavailable via the Guarantor's digital TV& play offering, each resulting in a decline for the Guarantor's services.

Development of new technologies may furthermore require a review of the life cycles of the Guarantor's assets and may result in additional depreciation or impairment costs, and there is a risk that the Guarantor will not be able to focus on the right projects for innovation or successfully obtain contracts vital for the Group to offer products and services in line with market demands.

For example, the customer base for digital terrestrial television throughout Sweden has generally been declining. The Guarantor risks losing customers of pay-TV services and there is a risk that the structural digital terrestrial television decline will accelerate, without replacement by a different service offered by the Guarantor. Another example is that fiber may be further deployed with the result that the Guarantor's current cable customers may replace their subscriptions of cable services with fiber services, entailing a decrease in cable. Furthermore, customers may choose to obtain broadband services from a competitor with actual or perceived

faster download and upload speeds, increasing pressure on prices and margins and leading the Guarantor to incur significant capital expenditures to match the Guarantor's competitors' service offerings.

If the Guarantor is unable to anticipate, respond to and keep up with new technology and compete effectively, it could have a material adverse effect on our business, financial condition and results of operations.

Risk due to changes in consumer behaviour trends

The Guarantor's results and cash flow depend on the general demand for its products and services. Changes in customer behaviour may have a material adverse effect on the demand for broadband, digital TV and fixed-telephony services. As 5G mobile networks are developed and adopted, the performance of a 5G mobile service offered by the Guarantor may become comparable to the performance of the Guarantor's existing fixed broadband services and also negatively impact the competitiveness of the Guarantor's digital TV & play services that are offered to customers connected to the Guarantor's fixed network. In the future, the Guarantor may experience some cannibalization of existing customer demand for the Guarantor's existing fixed broadband and digital TV & play services as it rolls out 5G mobile services. The Guarantor is exposed to changes in the demand for these services in both the business-to-customer (B2C) sector as well as in the business-to-business (B2B) sector. If demand for broadband, digital TV& play and fixed-telephony services in the B2C sector and the B2B sector does not develop as expected, if the Guarantor is no longer able to sell combinations of these services in bundles at adequate prices, or if the roll out of 5G mobile services generally diverts demand from the Guarantor's other products and services, and the Guarantor is unable to compete effectively as a result, this could have a material adverse effect on the Guarantor's business, financial condition and results of operations.

Investments in networks, licences, new technology and start-up operations

In recent years, the Guarantor has made substantial investments in telecom networks and licences and also expects to invest substantial amounts over the coming years in the upgrading, maintaining and expansion of networks. The Group also has had to and may in the future have to pay fees to acquire new licences or to renew or maintain the Guarantor's existing licences. The success of these investments will depend on a variety of factors some of which will be beyond the Group's control, including the cost of acquiring, renewing or maintaining licences, the cost of new technology, availability of new and attractive services, the costs associated with providing these services, the timing of their introduction, the market demand and prices for such services, and competition. Any failure to realise in full the benefits expected by the Group from these investments may adversely affect the Group's results of operations and financial position.

Further, if the Group fails to develop, or obtain timely access to, new technologies or equipment, or if the Group fails to obtain the necessary licences or spectrum to provide services using these new technologies, the Group may lose customers and market share and become less profitable, which could have a material adverse effect on the Group's business, financial condition and results of operations.

6 Risks related to the Group's operations

Limited number of suppliers

The Group is reliant upon a limited number of handset manufacturers for attracting customers, suppliers of equipment and network for rolling out networks and supplier of terrestrial digital TV to be able to offer good quality services. Also, the Guarantor is dependent on agreements with other network operators to provide services in major parts of the Tele2 network. If the Guarantor's existing suppliers are unable to satisfy the Group's requirements, there is a risk that the Guarantor would fail to obtain network equipment, handsets or services from alternative suppliers in order to fulfil its obligations towards its customers on a timely basis. In addition, like the Guarantor's competitors, the Group currently outsources many of the Group's key support services, including network construction and maintenance of most of the Group's operations.

Also, the Guarantor has lease agreements with several facility providers such as municipalities and individual suppliers, for example, relating to the lease of cable duct space, dark fiber and in some instances coaxial cables as well as facilities for headends and hubs. A service provider agreement is also in place in respect of the distribution of the television services provided by Boxer TV-Access AB ("**Boxer**") using the DTT network. The

Group's ability to offer the Guarantor's services to the Guarantor's customers depends on the performance of contract counterparties and their affiliates in carrying out their respective obligations under certain agreements and such contract counterparties' rights of use.

The limited number of suppliers and unfavourable changes to the terms of the Guarantor's arrangements with current and future suppliers, could adversely affect the Guarantor's business, thereby restricting the Guarantor's operational flexibility and the Guarantor's ability to meet customer demands and expectations. This could drive shift in customer preference towards the Group's competitors, thereby affecting the Guarantor's revenue and profitability.

Pandemic outbreaks

The Group is exposed to the effects of pandemic outbreaks (for example, the ongoing COVID-19 pandemic), which could adversely affect the Group's cash flow and profitability. A global pandemic could also have a negative impact on crucial suppliers which could, in turn, negatively affect supply chains and important outsourced services. Since the recent COVID-19 outbreak does not have any recent historical precedent, it is difficult to accurately forecast the likely impact on the businesses of the Group. Potential effects include, but are not limited to, decline in store sales, reduced international roaming and lower demand and potential credit losses relating to business customers. Furthermore, the pandemic could potentially lead to delays in network buildout and maintenance, as well as key employees contracting the virus and being unable to carry out their tasks. Any of the potential effects of the COVID-19 pandemic listed above could have an adverse effect on the Group's business, financial condition and results of operations.

Shareholder matters in relation to associated companies

The Group conducts certain of the Group's activities through associated companies in which the Group does not have a controlling interest. Such companies include Svenska UMTS-nät AB and Net4Mobility HB in the Nordic region, T-Mobile Netherlands after the merger with Tele2 Netherlands and the network sharing joint venture with Bite in Latvia and Lithuania. The Group may enter into further similar arrangements in the future. As a result of these activities being conducted through such associated companies, the Group has limited influence over the conduct of these businesses. In these jointly controlled ventures, there is a risk that the partners may disagree on important matters, including the funding of the venture, approval of business plans, budgets, dividends or other cash distributions. This risk may be greater where the parties are competitors. A disagreement or deadlock regarding the venture or a breach by one of the parties of the material provisions of the cooperation arrangements could have a material adverse effect on the Group's business interests as well as the Group's strategy and actions in relation to any of these associated companies.

Risk related to access to television content

The Guarantor relies on the Guarantor's ability to provide a wide selection of popular content and cutting-edge services to the Guarantor's customers. The Guarantor does not produce the Guarantor's own content and is therefore dependent upon broadcasters and content providers for programming.

The Guarantor licenses certain programs for the Guarantor's digital TV services. Rights with respect to a significant amount of premium and/or high definition ("HD") content are sometimes already held by competing distributors and, to the extent such competitors stop wholesaling such content or wholesale such content to distributors other than the Guarantor, the Guarantor's ability to obtain any highly rated content could be limited. Further, as the Guarantor continually develops the Guarantor's digital TV & play services, which includes e.g. traditional television content, VoD libraries, OTT content and applications, the Guarantor's ability to source content for the TV service is increasingly important and depends on the Guarantor's ability to maintain relationships and cooperation with content providers and broadcasters for both standard and HD content. The Guarantor may incur additional licensing and/or other fees for content distributed over the Guarantor's platforms. In addition, content providers may elect to distribute their content exclusively through distribution platforms other than the Tele2 digital TV network, including satellite or internet-based platforms, or through other distributors.

The risks described above could reduce the demand for the Guarantor's existing and future television services, thereby limiting the Guarantor's ability to maintain or increase revenue from these services. This could have an adverse effect on the Guarantor's business, financial condition and results of operations.

Risk related to contracts with landlords of multi-dwelling units

A majority of Guarantor's current customers that use Com Hem offerings live in multi-dwelling units ("MDUs") and contracts with landlords of these MDUs form the basis of these Com Hem customer relationships. The Guarantor's ability to renew existing contracts with landlords of MDUs, and to enter into contracts with new landlord partners, is important to the Guarantor's business. Contracts with landlords are important to provide the Guarantor with network access to individual tenants and households within MDUs because in-house wiring is owned by landlords. The Guarantor could lose the Guarantor's direct subscriber relationships with end-users if landlords terminate or fail to renew the contracts that are in place and the Guarantor is unable to migrate MDU customers to alternative services via open networks. Based on historical loss of 1 to 2 per cent. of landlord contracts each year, with approximately the same amount being gained in new landlord contracts per year, the Guarantor could lose landlord contracts in the future. The pace of contract renegotiation and/or loss of contracts could also accelerate in the future.

The Guarantor's inability to maintain or renew existing agreements with landlords or enter into new contracts on commercially favourable terms could lead to reduced sales, lower margins and a decrease in our customer base, any of which could have a material adverse effect on the Guarantor's business, financial condition and results of operations.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

7 Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of certain such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

Notes issued at a substantial discount or premium

The Issuer may issue Notes at a substantial premium or discount to their nominal amount. The market values of such securities tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. The longer the remaining term of the securities, the greater the price volatility may be as compared to conventional interest-bearing securities with comparable maturities.

Risks related to potential conflicts of interest on the part of the Calculation Agent

The Issuer may appoint a Dealer as Calculation Agent in respect of an issuance of Notes under the Programme. In such a case the Calculation Agent is likely to be a member of an international financial group that is involved, in the ordinary course of its business, in a wide range of banking activities out of which conflicting interests may arise. Whilst such a Calculation Agent will, where relevant, have information barriers and procedures in place to manage conflicts of interest, it may in its other banking activities from time to time be engaged in transactions involving an index or related derivatives which may affect amounts receivable by Noteholders during the term and on the maturity of the Notes or the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the Noteholders.

8 Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

The regulation and reform of benchmarks may adversely affect the value of Notes referencing such benchmarks

Interest rates and indices which are deemed to be “benchmarks” such as the London Interbank Offered Rate (“LIBOR”) and the Euro Interbank Offered Rate (“EURIBOR”) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes referencing such a benchmark.

Regulation (EU) 2016/1011 (the “**Benchmarks Regulation**”) was published in the Official Journal of the EU on 29 June 2016 and has applied since 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevent certain uses by EU supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes referencing a benchmark, in particular, if the methodology or other terms of the relevant benchmark are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant benchmark.

On 27 July 2017, the UK Financial Conduct Authority (the “**FCA**”) announced that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the “**FCA Announcement**”). The FCA Announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021. Subsequent announcements by the FCA have emphasised that market participants should not rely on the continued publication of LIBOR after the end of 2021. The potential elimination of LIBOR or any other benchmark, or changes in the manner of administration of any benchmark may have the effect, amongst other things, of: (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in the benchmark or (iii) leading to the disappearance of the benchmark. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes referencing a benchmark.

Any changes to the administration of LIBOR or EURIBOR or the emergence of alternatives to LIBOR or EURIBOR as a result of these reforms, may cause LIBOR or EURIBOR to perform differently than in the past or to be discontinued, or there could be other consequences which cannot be predicted. The potential discontinuation of LIBOR or EURIBOR or changes to its administration could require changes to the way in which the Rate of Interest is calculated in respect of any Notes referencing or linked to LIBOR or EURIBOR. The development of alternatives to LIBOR or EURIBOR may result in Notes linked to or referencing LIBOR or EURIBOR performing differently than would otherwise have been the case if such alternatives to LIBOR or EURIBOR had not developed. Any such consequence could have a material adverse effect on the value of, and return on, any Notes referencing or linked to LIBOR or EURIBOR.

Where Screen Rate Determination is specified as the manner in which the Rate of Interest in respect of Floating Rate Notes is to be determined, the Conditions provide that the Rate of Interest shall be determined by reference to the Relevant Screen Page (or its successor or replacement). In circumstances where the Original Reference Rate is discontinued, neither the Relevant Screen Page, nor any successor or replacement may be available.

Where the Relevant Screen Page is not available, and no successor or replacement for the Relevant Screen Page is available, the Conditions provide for the Rate of Interest to be determined by the Calculation Agent by reference to quotations from banks communicated to the Calculation Agent.

Where such quotations are not available (as may be the case if the relevant banks are not submitting rates for the determination of such Original Reference Rate), the Rate of Interest may ultimately revert to the Rate of Interest applicable as at the last preceding Interest Determination Date before the Original Reference Rate was discontinued. Uncertainty as to the continuation of the Original Reference Rate, the availability of quotes from reference banks, and the rate that would be applicable if the Original Reference Rate is discontinued may adversely affect the value of, and return on, the Floating Rate Notes.

If a Benchmark Event occurs, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate or Alternative Rate to be used in place of the Original Reference Rate. The use of any such Successor Rate or Alternative Rate to determine the Rate of Interest is likely to result in Notes initially linked to or referencing the Original Reference Rate performing

differently (including paying a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to apply in its current form.

Furthermore, if a Successor Rate or Alternative Rate for the Original Reference Rate is determined by the Independent Adviser, the Conditions provide that the Issuer may vary the Conditions, as necessary to ensure the proper operation of such Successor Rate or Alternative Rate, without any requirement for consent or approval of the Noteholders.

If a Successor Rate or Alternative Rate is determined by the Independent Adviser, the Conditions also provide that an Adjustment Spread will be determined by the Independent Adviser to be applied to such Successor Rate or Alternative Rate. If no Adjustment Spread is determined, a Successor Rate or Alternative Rate may nonetheless be used to determine the Rate of Interest.

The Adjustment Spread is (i) the spread, formula or methodology which is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body (which may include a relevant central bank, supervisory authority or group of central banks/supervisory authorities), (ii) if no such recommendation has been made, or in the case of an Alternative Rate, the spread, formula or methodology which the Independent Adviser determines is customarily applied to the relevant Successor Rate or the Alternative Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate, or (iii) if the Independent Adviser determines that no such spread is customarily applied, the spread, formula or methodology which the Independent Adviser determines and which is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate, as the case may be.

Accordingly, the application of an Adjustment Spread may result in the Notes performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to apply in its current form.

The Issuer may be unable to appoint an Independent Adviser or the Independent Adviser may not be able to determine a Successor Rate or Alternative Rate in accordance with the terms and conditions of the Notes.

Where the Issuer is unable to appoint an Independent Adviser in a timely manner, or the Independent Adviser is unable, to determine a Successor Rate or Alternative Rate before the next Interest Determination Date, the Rate of Interest for the next succeeding Interest Accrual Period will be the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, or, where the Benchmark Event occurs before the first Interest Determination Date, the Rate of Interest will be the initial Rate of Interest.

Where the Issuer has been unable to appoint an Independent Adviser or, the Independent Adviser has failed, to determine a Successor Rate or Alternative Rate in respect of any given Interest Accrual Period, it will continue to attempt to appoint an Independent Adviser in a timely manner before the next succeeding Interest Determination Date and/or to determine a Successor Rate or Alternative Rate to apply the next succeeding and any subsequent Interest Accrual Periods, as necessary.

Applying the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event is likely to result in Notes linked to or referencing the relevant benchmark performing differently (which may include payment of a lower Rate of Interest) than they would do if the relevant benchmark were to continue to apply, or if a Successor Rate or Alternative Rate could be determined.

If the Issuer is unable to appoint an Independent Adviser or, the Independent Adviser fails to determine a Successor Rate or Alternative Rate for the life of the relevant Notes, the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, will continue to apply to maturity. This will result in the floating rate Notes, in effect, becoming fixed rate Notes.

Where ISDA Determination is specified as the manner in which the Rate of Interest in respect of floating rate Notes is to be determined, the Conditions provide that the Rate of Interest in respect of the Notes shall be determined by reference to the relevant Floating Rate Option in the 2006 ISDA Definitions. Where the Floating Rate Option specified is either LIBOR or EURIBOR Floating Rate Option, the Rate of Interest may be determined by reference to the relevant screen rate or the rate determined on the basis of quotations from certain banks. If either LIBOR or EURIBOR is permanently discontinued and the relevant screen rate or quotations from banks (as applicable) are not available, the operation of these provisions may lead to uncertainty as to the Rate of Interest that would be applicable, and may, adversely affect the value of, and return on, the floating rate Notes.

Bearer Notes where denominations involve integral multiples

In relation to any issue of Notes in bearer form which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that the Notes may be traded in amounts that are not integral multiples of such minimum Specified Denominations (as defined in the Conditions). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time will not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Modification and waivers

The Terms and Conditions of the Notes (the “**Conditions**”) contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Change of law

The Conditions are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes.

9 Risks related to the market generally

Set out below is a brief description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the “**Investor's Currency**”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency

may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

10 Risks related to Taxation

The Proposed Financial Transactions Tax (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced in its current form, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances.

Under the original Commission’s Proposal, the FTT could apply in certain circumstances to person both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States and additional EU Member States may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

Each Series may be issued in tranches (each a “ Tranche ”) on the same or different issue dates. The specific terms of each Tranche (which will be completed, where necessary, with the relevant terms and conditions and, save in respect of the issue date, issue price, first payment of interest and

nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be completed in the final terms (the “**Final Terms**”).

Form of Notes:

Global Notes or Global Certificates relating to Notes that are not listed on the Luxembourg Stock Exchange may also be deposited with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Fiscal Agent and the relevant Dealer. Registered Notes that are to be credited to one or more clearing systems on issue will be registered in the name of nominees or a common nominee for such clearing systems.

Currencies:

Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in any currency agreed between the Issuer, the Guarantor and the relevant Dealer.

Maturities:

Subject to compliance with all relevant laws, regulations and directives, the Notes will have a minimum maturity of one month.

Specified Denomination:

Definitive Notes will be in such denominations as may be specified in the relevant Final Terms save that (i) in the case of

any Notes which are to be admitted to trading on a regulated market within the United Kingdom or the European Economic Area or offered to the public in the United Kingdom or an EEA State in circumstances which require the publication of a prospectus under the Prospectus Regulation, the minimum specified denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes); and (ii) unless otherwise permitted by then current laws and regulations, Notes (including Notes denominated in sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of Section 19 of the FSMA will have a minimum denomination of £100,000 (or its equivalent in other currencies).

Fixed Rate Notes:

Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes:

Floating Rate Notes will bear interest determined separately for each Series as follows:

Unless permitted by then current laws and regulations, Notes (including Notes denominated in sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of Section 19 of the FSMA must have a minimum redemption amount of £100,000 (or its equivalent in other currencies).

Optional Redemption:

The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated

	<p>maturity at the option of the Issuer (either in whole or in part) and/or the holders, and if so the terms applicable to such redemption.</p>

Status of Notes and Guarantee:	<p>The Notes and the Guarantee will constitute unsubordinated and (save to the extent specified in “Terms and Conditions – Negative Pledge”) unsecured obligations of the Issuer and the Guarantor, respectively, all as described in “Terms and Conditions of the Notes – Guarantee and Status”.</p> <p>The Guarantee will be limited if required by application of the provisions of the Swedish Companies Act (<i>Sw. aktiebolagslagen</i>) regulating transfers of value (<i>Sw. värdeöverföringar</i>). For a description of the Guarantee see “The Deed of Guarantee”.</p>
Negative Pledge:	<p>Applicable. See “Terms and Conditions of the Notes – Negative Pledge”.</p>
Cross Default:	<p>Applicable. See “Terms and Conditions of the Notes – Events of Default”.</p>
Ratings:	<p>Tranches of Notes to be issued under the Programme may be rated or unrated. Where a Tranche of Notes issued under the Programme is to be rated, such rating will not necessarily be the same as the relevant rating assigned to the Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the Final Terms. Whether or not a rating in relation to any Tranche of Notes will be treated as having been issued by a credit rating agency established in the European Union or the United Kingdom and registered under the CRA Regulation will be disclosed in the relevant Final Terms.</p> <p>A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.</p>
Early Redemption:	<p>Except as provided in “– Optional Redemption” and “– Redemption upon a Change of Control” above, Notes will be redeemable at the option of the Issuer prior to maturity only for tax reasons. See “Terms and Conditions of the Notes – Redemption, Purchase and Options”.</p>
Withholding Tax:	<p>All payments of principal and interest in respect of the Notes will be made free and clear of withholding taxes of the Kingdom of Sweden, as the case may be, unless the withholding is required by law. In such event, the Issuer or the Guarantor (as the case may be) shall, subject to customary exceptions, pay such additional amounts as shall result in receipt by the Noteholder of such amounts as would have been received by it had no such withholding been required, all as described in “Terms and Conditions of the Notes – Taxation”.</p>

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion in accordance with the provisions of Part A of the relevant Final Terms, shall be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of Part A of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on Bearer Notes or on the Certificates relating to Registered Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in Part A of the relevant Final Terms. Those definitions will be endorsed on the definitive Notes or Certificates, as the case may be. References in these Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued pursuant to an Amended and Restated Agency Agreement (the “**Agency Agreement**”) dated 25 September 2019 between Tele2 AB (publ) (the “**Issuer**”), Tele2 Sverige AB (the “**Guarantor**”), BNP Paribas Securities Services, Luxembourg Branch as fiscal agent and the other agents named in it and with the benefit of an Amended and Restated Deed of Covenant (the “**Deed of Covenant**”) dated 25 September 2019 executed by the Issuer and the Guarantor in relation to the Notes and an Amended and Restated Deed of Guarantee (the “**Deed of Guarantee**”) dated 25 September 2019 executed by the Guarantor in relation to the Notes. The fiscal agent, the paying agents, the registrar, the transfer agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the “**Fiscal Agent**”, the “**Paying Agents**” (which expression shall include the Fiscal Agent), the “**Registrar**”, the “**Transfer Agents**” and the “**Calculation Agent(s)**”. The Noteholders (as defined below), the holders of the interest coupons (the “**Coupons**”) relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) are deemed to have notice of all of the provisions of the Agency Agreement applicable to them.

In these Conditions, “**Tranche**” means Notes which are identical in all respects.

Copies of the Agency Agreement, the Deed of Covenant and the Deed of Guarantee are available for inspection at the specified offices of each of the Paying Agents, the Registrar and the Transfer Agents.

1 Form, Denomination and Title

The minimum denomination per Note will be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes). The Notes are issued in bearer form (“**Bearer Notes**”) or in registered form (“**Registered Notes**”), in each case in the Specified Denomination(s) shown hereon.

This Note is a Fixed Rate Note, a Floating Rate Note, a Zero Coupon Note, or a combination of any of the foregoing, depending upon the Interest and Redemption/Payment Basis shown hereon.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Registered Notes are represented by registered certificates (“**Certificates**”) and, save as provided in Condition 2(c), each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes and the Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “**Register**”). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, “**Noteholder**” means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be), “**holder**” (in relation to a Note, Coupon or Talon) means the

bearer of any Bearer Note, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms have the meanings given to them hereon, the absence of any such meaning indicating that such term is not applicable to the Notes.

2 No Exchange of Notes and Transfers of Registered Notes

- (a) **No Exchange of Notes:** Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination and Bearer Notes may not be exchanged for Registered Notes.
- (b) **Transfer of Registered Notes:** One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate, (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer), duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Notes scheduled to the Agency Agreement. The regulations scheduled to the Agency Agreement may be changed by the Issuer, with the prior written approval of the Registrar and the Noteholders. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request. The rules and procedures of Euroclear are available on Euroclear's website, *www.euroclear.eu*.
- (c) **Exercise of Options or Partial Redemption in Respect of Registered Notes:** In the case of an exercise of an Issuer's or Noteholders' option in respect of part of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.
- (d) **Delivery of New Certificates:** Each new Certificate to be issued pursuant to Conditions 2(b) or (c) shall be available for delivery within three business days of receipt of the form of transfer or Exercise Notice (as defined in Condition 6(e)) and surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Agent (as defined in the Agency Agreement) the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(d), "**business day**" means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).
- (e) **Transfer Free of Charge:** Transfers of Notes and Certificates on registration, transfer, partial redemption or exercise of an option shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

- (f) **Closed Periods:** No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days before any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 6(d), (ii) after any such Note has been called for redemption or (iii) during the period of seven days ending on (and including) any Record Date.

3 Guarantee and Status

- (a) **Guarantee:** Subject to Condition 3(c) below, the Guarantor has unconditionally and irrevocably guaranteed the due payment of all sums expressed to be payable by the Issuer under the Notes and the Coupons relating to them. Its obligations in that respect (the “**Guarantee**”) are contained in the Deed of Guarantee.
- (b) **Status of Notes and Guarantee:** The Notes and the Coupons relating to them constitute (subject to Condition 4) unsecured obligations of the Issuer and shall at all times rank *pari passu* and without any preference among themselves. The payment obligations of the Issuer under the Notes and the Coupons relating to them and of the Guarantor under the Guarantee shall, save for such exceptions as may be provided by applicable legislation and subject to Condition 4, at all times rank at least equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Issuer and the Guarantor, respectively, present and future.
- (c) **Limitations:** Pursuant to the Deed of Guarantee, the obligations of the Guarantor shall be limited, if (and only if) required by the mandatory provisions of the Swedish Companies Act (Sw. *Aktiebolagslagen (2005:551)*) (the “**Swedish Companies Act**”) regulating unlawful distribution of assets and transfer of value (Chapter 17, Sections 1 to 4) (or its equivalent from time to time) and the liability of the Guarantor under the Deed of Guarantee will exist only to the extent permitted by the above mentioned provisions of the Swedish Companies Act.

4 Negative Pledge

So long as any Note or Coupon remains outstanding (as defined in the Agency Agreement) neither the Issuer nor the Guarantor will create, or have outstanding any mortgage, charge, lien, pledge or other security interest, upon the whole or any part of its present or future undertaking, assets or revenues to secure any Relevant Indebtedness or any guarantee or indemnity in respect of any Relevant Indebtedness without at the same time or prior thereto according to the Notes and the Coupons the benefit of the same security as is created or subsisting to secure any such Relevant Indebtedness, guarantee or indemnity or such other security as shall be approved by an Extraordinary Resolution (as defined in the Agency Agreement) of the Noteholders.

In this Condition, “**Relevant Indebtedness**” means any indebtedness which is in the form of, or represented or evidenced by, bonds, notes, debentures, loan stock or other securities which for the time being are, or are capable of being, quoted, listed or dealt in or traded on any stock exchange or over-the-counter or other securities market.

The amount of interest payable shall be determined in accordance with Condition 5(f).
- (b) **Interest on Floating Rate Notes:**
- (i) *Interest Payment Dates:* Each Floating Rate Note bears interest on its outstanding nominal amount from and including the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(f). Such Interest Payment Date(s) is/are either shown hereon as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are shown hereon, Interest Payment Date shall mean each date which falls the number of months or other period shown hereon as the

Interest Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

- (ii) *Business Day Convention*: If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.
- (iii) *Rate of Interest*: The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified hereon and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified hereon.

(A) ISDA Determination

Where ISDA Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), “**ISDA Rate**” for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified hereon
- (y) the Designated Maturity is a period specified hereon and
- (z) the relevant Reset Date is the first day of that Interest Accrual Period unless otherwise specified hereon.

For the purposes of this sub-paragraph (A), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**”, “**Reset Date**” and “**Swap Transaction**” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination

- (x) Where Screen Rate Determination is specified hereon as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at (i) 11.00 a.m. (London time in the case of LIBOR, Central European time in the case of EURIBOR, or Stockholm time in the case of STIBOR) or (ii) 12.00 noon (Oslo time) in the case of NIBOR on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are

available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (y) if the Relevant Screen Page is not available or, if sub-paragraph (x)(1) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (x)(2) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Issuer and/or Guarantor shall request, if the Reference Rate is (i) LIBOR, the principal London office of each of the Reference Banks; (ii) EURIBOR, the principal Euro-zone office of each of the Reference Banks; (iii) STIBOR, the principal Stockholm office of each of the Reference Banks, or (iv) NIBOR, the principal Oslo office of each of the Reference Banks, to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is (A) LIBOR, at approximately 11.00 a.m. (London time); (B) EURIBOR, at approximately 11.00 a.m. (Central European time); (C) STIBOR, at approximately 11.00 a.m. (Stockholm time); or (D) NIBOR, as at approximately 12.00 noon (Oslo time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent; and
- (z) if paragraph (y) above applies and the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Issuer and/or the Guarantor by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is (i) LIBOR, at approximately 11.00 a.m. (London time); (ii) EURIBOR, at approximately 11.00 a.m. (Central European time); (iii) STIBOR, at approximately 11.00 a.m. (Stockholm time); or (iv) NIBOR, at approximately 12.00 noon (Oslo time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is (A) LIBOR, the London inter-bank market; (B) EURIBOR, the Euro-zone inter-bank market; (C) STIBOR, the Stockholm inter-bank market; or (D) NIBOR, the Norwegian inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is (i) LIBOR, at approximately 11.00 a.m. (London time); (ii) EURIBOR, at approximately 11.00 a.m. (Central European time); (iii) STIBOR, at approximately 11.00 a.m. (Stockholm time); or (vi) NIBOR, at approximately 12.00 noon (Oslo time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, if the Reference Rate is (A) LIBOR, the London inter-bank market; (B) EURIBOR, the Euro-zone inter-bank market; (C) STIBOR, the Stockholm inter-bank market; (D) if the Norwegian inter-bank market, as the case may be, provided that, if the Rate of

Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(C) Linear Interpolation

Where Linear Interpolation is specified hereon as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified hereon as applicable) or the relevant Floating Rate Option (where ISDA Determination is specified hereon as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“**Applicable Maturity**” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

- (c) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(b)(i)).
- (d) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgment) at the Rate of Interest in the manner provided in this Condition 5 to but excluding the Relevant Date (as defined in Condition 8).
- (e) **Margin, Maximum/Minimum Rates of Interest and Redemption Amounts and Rounding:**
- (i) If any Margin is specified hereon (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 5(b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin subject always to the next paragraph
 - (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified hereon, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be
 - (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 of a percentage point being rounded up), (y) all figures shall be rounded to seven significant figures (provided that if the eighth significant figure is a 5 or greater, the seventh significant figure shall be rounded up)

and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with half a unit being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the countries of such currency.

- (f) **Calculations:** The amount of interest payable per Calculation Amount in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Calculation Amount specified hereon, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.
- (g) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts:** The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount or any Optional Redemption Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange or other relevant authority so require, such exchange or other relevant authority as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.
- (h) **Definitions:** In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:
- “**Business Day**” means:

The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid.

(j) **Benchmark discontinuation:**

(A) Independent Adviser

If a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(j)(B)) and, in either case, an Adjustment Spread and any Benchmark Amendments (in accordance with Condition 5(j)(D)).

In making such determination, the Independent Adviser appointed pursuant to this Condition 5(j) shall act in good faith and in a commercially reasonable manner as an expert. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Paying Agents, the Noteholders or the Couponholders for any determination made by it pursuant to this Condition 5(j).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 5(j)(A) prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Accrual Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Accrual Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period shall be substituted in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period. For the avoidance of doubt, this Condition 5(j)(A) shall apply to the relevant next succeeding Interest Accrual Period only and any subsequent Interest Accrual Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 5(j)(A).

(B) Successor Rate or Alternative Rate

If the Independent Adviser, determines that:

- (vi) there is a Successor Rate, then such Successor Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 5(j)); or
- (vii) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 5(j)).

(C) Adjustment Spread

The Adjustment Spread (or the formula or methodology for determining the Adjustment Spread) shall be applied to the Successor Rate or the Alternative Rate (as the case may be). If the Independent Adviser is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, then the Successor Rate or Alternative Rate (as applicable) will apply without an Adjustment Spread.

(D) Benchmark Amendments

If any Successor Rate, or Alternative Rate and, in either case, the applicable Adjustment Spread is determined in accordance with this Condition 5(j) and the Independent Adviser, determines (i) that amendments to these Conditions are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or (in either case) the applicable Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(j)(E), without any requirement for the consent or approval of Noteholders, vary these Conditions to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 5(j)(D), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(E) Notices, etc.

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 5(j) will be notified promptly by the Issuer to the Calculation Agent, the Paying Agents and, in accordance with Condition 14, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Fiscal Agent of the same, the Issuer shall deliver to the Fiscal Agent a certificate signed by two authorised signatories of the Issuer:

- (A) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate, (iii) the applicable Adjustment Spread and (iv) the specific terms of the Benchmark Amendments (if any), in each case as determined in accordance with the provisions of this Condition 5(j); and
- (B) certifying that the Benchmark Amendments (if any) are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and (in either case) the applicable Adjustment Spread.

The Fiscal Agent shall display such certificate at its offices, for inspection by the Noteholders at all reasonable times during normal business hours. The Successor Rate or Alternative Rate and

the Adjustment Spread and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error or bad faith in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread and the Benchmark Amendments (if any)) be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the Paying Agents and the Noteholders.

(F) Survival of Original Reference Rate

Without prejudice to the obligations of the Issuer under Condition 5(j) (A), (B), (C) and (D), the Original Reference Rate and the fallback provisions provided for in Condition 5(b)(iii)(B)(y) and (z) will continue to apply unless and until a Benchmark Event has occurred.

(G) Definitions:

As used in this Condition 5(j):

“Adjustment Spread” means either (a) a spread (which may be positive, negative or zero), or (b) a formula or methodology for calculating a spread, in each case to be applied to the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or (if no such recommendation has been made, or in the case of an Alternative Rate);
- (ii) the Independent Adviser determines, acting in good faith, is customarily applied to the relevant Successor Rate or the Alternative Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate; or (if the Independent Adviser determines that no such spread is customarily applied); or
- (iii) the Independent Adviser, determines, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be).

6 **Redemption, Purchase and Options**

(a) **Final Redemption:**

Unless previously redeemed, purchased and cancelled as provided below, each Note shall be finally redeemed on the Maturity Date specified hereon at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount).

(b) **Early Redemption:**

(i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 6(c), Condition 6(d) or Condition 6(e) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified hereon.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(c), Condition 6(d) or Condition 6(e) or upon it becoming due and

payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown hereon.

- (ii) **Other Notes:** The Early Redemption Amount payable in respect of any Note (other than Notes described in paragraph (i) above), upon redemption of such Note pursuant to Condition 6(c), Condition 6(d) or Condition 6(e) or upon it becoming due and payable as provided in Condition 10, shall be the Final Redemption Amount unless otherwise specified hereon.
- (c) **Redemption for Taxation Reasons:** The Notes may be redeemed at the option of the Issuer in whole, but not in part, on any Interest Payment Date (if this Note is a Floating Rate Note) or, at any time, (if this Note is not a Floating Rate Note), on giving not less than 30 nor more than 60 days' notice to the Noteholders (which notice shall be irrevocable), at their Early Redemption Amount (as described in Condition 6(b)) (together with interest accrued to the date fixed for redemption), if (i) the Issuer (or, if the Guarantee were called, the Guarantor) has or will become obliged to pay additional amounts as provided or referred to in Condition 8 as a result of any change in, or amendment to, the laws or regulations of the Kingdom of Sweden or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the date on which agreement is reached to issue the first Tranche of the Notes and (ii) such obligation cannot be avoided by the Issuer (or the Guarantor, as the case may be) taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer (or the Guarantor, as the case may be) would be obliged to pay such additional amounts were a payment in respect of the Notes (or the Guarantee, as the case may be) then due. Prior to the publication of any notice of redemption pursuant to this Condition 6(c), the Issuer shall deliver to the Fiscal Agent a certificate signed by two duly authorised officers of the Issuer (or the Guarantor, as the case may be) stating that the Issuer (or the Guarantor, as the case may be) is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred and an opinion of independent legal advisers of recognised standing to the effect that the Issuer (or the Guarantor, as the case may be) has or will become obliged to pay such additional amounts as a result of such change or amendment.
- (d) **Redemption at the Option of the Issuer:** If Call Option is specified hereon, the Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice to the Noteholders (or such other notice period as may be specified hereon) redeem, all or, if so provided, some, of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at their Optional Redemption Amount specified hereon (which may be the Early Redemption Amount (as described in Condition 6(b) above)) together with interest accrued to the date fixed for redemption. Any such redemption must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified hereon and no greater than the Maximum Redemption Amount to be redeemed specified hereon.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption the notice to Noteholders shall also contain the certificate numbers of the Bearer Notes, or in the case of Registered Notes shall specify the nominal amount of Registered

Notes drawn and the holder(s) of such Registered Notes, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange or other relevant authority requirements.

- (e) **Redemption at the Option of Noteholders:** If Put Option is specified hereon, the Issuer shall, at the option of the holder of any Note, upon the holder of such Note giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified hereon) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount specified hereon (which may be the Early Redemption Amount (as described in Condition 6(b) above)), together (where applicable) with interest accrued to the date fixed for redemption.

To exercise such option the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Coupons and unexchanged Talons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, together with a duly completed option exercise notice ("**Exercise Notice**") in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the notice period. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

- (f) **Redemption at the Option of Noteholders upon a Change of Control:** If Change of Control Put Event is specified hereon and a Change of Control Put Event occurs, the holder of any such Note will have the option (a "**Change of Control Put Option**") (unless prior to the giving of the relevant Change of Control Put Event Notice (as defined below) the Issuer has given notice of redemption under Condition 6(c) or 6(d) above) to require the Issuer to redeem that Note on the Change of Control Put Date (as defined below) at its principal amount together with interest accrued to (but excluding) the Change of Control Put Date.

A "**Change of Control Put Event**" will be deemed to occur if:

- (i) any person or group of persons acting in concert (as defined below), in each case either directly or indirectly, shall acquire ownership of, or otherwise control, one or more classes of the shares in the capital of the Issuer carrying in aggregate more than 50 per cent. of the voting rights normally exercisable at a general meeting of the Issuer (the "**Change of Control**"); and
- (ii) on the date (the "**Relevant Announcement Date**") that is the earlier of (1) the date of the first public announcement of the relevant Change of Control and (2) the date of the earliest Relevant Potential Change of Control Announcement (if any), the Notes carry:
- (A) an investment grade credit rating (*Baa3/BBB-*, or their respective equivalents, or better), from any Rating Agency whether provided by such Rating Agency at the invitation of the Issuer or by its own volition and such rating is, within the Change of Control Period, either downgraded to a non-investment grade credit rating (*Ba1/BB+*, or their respective equivalents, or worse) (a "**Non-Investment Grade Rating**") or withdrawn and is not, within the Change of Control Period, subsequently (in the case of a downgrade) upgraded to an investment grade credit rating by such Rating Agency; or
- (B) a Non-Investment Grade Rating from any Rating Agency whether provided by such Rating Agency at the invitation of the Issuer or by its own volition and such rating is, within the Change of Control Period, either downgraded by one or more rating categories (*from Ba1 to Baa2 being or such similar lowering*) or withdrawn and is not, within the Change of Control Period, subsequently (in the case of a downgrade) upgraded to its earlier credit rating or better by such Rating Agency; or
- (C) no credit rating and a Negative Rating Event also occurs within the Change of Control Period,

provided that if at the time of the occurrence of the Change of Control the Notes carry a credit rating from more than one Rating Agency, at least one of which is investment grade, then sub-paragraph (A) will apply; and

- (iii) in making any decision to downgrade or withdraw a credit rating pursuant to paragraphs (A) and (B) above or not to award a credit rating of at least investment grade as described in paragraph (ii) of the definition of Negative Rating Event, the relevant Rating Agency announces publicly or confirms in writing to the Issuer that such decision(s) resulted, in whole or in part, from the occurrence of the Change of Control or the Relevant Potential Change of Control Announcement.

Further, if at the time of the occurrence of the Change of Control the Notes carry a Non-Investment Grade Rating or no credit rating, a Change of Control Put Event will be deemed to occur upon the occurrence of a Change of Control alone.

Promptly upon the Issuer becoming aware that a Change of Control Put Event has occurred the Issuer shall give notice (a “**Change of Control Put Event Notice**”) to the Noteholders in accordance with Condition 14 giving details of the relevant Change of Control Put Event and the procedure for exercising the Change of Control Put Option.

To exercise the Change of Control Put Option, the holder of a Bearer Note must deliver such Note to the specified office of any Paying Agent at any time during normal business hours of such Paying Agent falling within the period (the “**Change of Control Put Period**”) of 30 days after a Change of Control Put Event Notice is given, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (a “**Change of Control Put Notice**”). The Note should be delivered together (if applicable) with all Coupons appertaining thereto maturing after the date which is seven days after the expiration of the Change of Control Put Period (the “**Change of Control Put Date**”), failing which the Paying Agent will require payment from or on behalf of the Noteholder of an amount equal to the face value of any missing such Coupon. Any amount so paid will be reimbursed to the Noteholder against presentation and surrender of the relevant missing Coupon (or any replacement therefor issued pursuant to Condition 12) at any time after such payment, but before the expiry of the period of five years from the Relevant Date, but not thereafter. The Paying Agent to which such Note and Change of Control Put Notice are delivered will issue to the Noteholder concerned a non-transferable receipt in respect of the Note so delivered. Payment in respect of any Note so delivered will be made, if the holder duly specified a bank account in the Change of Control Put Notice to which payment is to be made, on the Change of Control Put Date by transfer to that bank account and, in every other case, on or after the Change of Control Put Date against presentation and surrender or (as the case may be) endorsement of such receipt at the specified office of any Paying Agent. A Change of Control Put Notice, once given, shall be irrevocable.

To exercise the Change of Control Put Option, the holder of a Registered Note must deposit the Certificate evidencing such Note with the Registrar or any Transfer Agent at its specified office, together with a duly signed and completed Change of Control Put Notice obtainable from the Registrar or any Transfer Agent within the Change of Control Put Period. No Certificate so deposited and option so exercised may be withdrawn without the prior consent of the Issuer. Payment in respect of any Certificate so deposited will be made, if the holder duly specified a bank account in the Change of Control Put Notice to which payment is to be made, on the Change of Control Put Date by transfer to that bank account and, in every other case, by cheque drawn on a Bank and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register.

The Issuer shall redeem the relevant Notes on the Change of Control Put Date unless previously redeemed and cancelled.

If 85 per cent. or more in principal amount of the Notes then outstanding have been redeemed pursuant to this Condition 6(f), the Issuer may, on giving not less than 30 nor more than 60 days’ notice to the Noteholders (such notice being given within 30 days after the Change of Control Put Date), redeem all

but not some only of the remaining outstanding Notes at their principal amount, together with interest accrued to (but excluding) the date fixed for such redemption.

If the rating designations employed by any of Moody's, S&P or Fitch are changed from those which are described in paragraph (ii) of the definition of "Change of Control Put Event" above, or if a rating is procured from a Substitute Rating Agency, the Issuer shall determine, the rating designations of Moody's, S&P or Fitch or such Substitute Rating Agency (as appropriate) as are most equivalent to the prior rating designations of Moody's, S&P or Fitch and this Condition 6(f) shall be construed accordingly.

In this Condition 6(f):

"acting in concert" means a group of persons who, pursuant to an agreement or understanding (whether formal or informal) actively co-operate, through the acquisition of shares in the Issuer, to obtain control of the Issuer;

"Change of Control Period" means the period commencing on the Relevant Announcement Date and ending 90 days after the Change of Control (or such longer period for which the Notes are under consideration (such consideration having been announced publicly within the period ending 90 days after the Change of Control) for rating review or, as the case may be, rating by a Rating Agency, such period not to exceed 60 days after the public announcement of such consideration);

a **"Negative Rating Event"** shall be deemed to have occurred if at such time as there is no rating assigned to the Notes by a Rating Agency (i) the Issuer does not, either prior to, or not later than 21 days after, the occurrence of the Change of Control seek, and thereafter throughout the Change of Control Period use all reasonable endeavours to obtain, a rating of the Notes, or any other unsecured and unsubordinated debt of the Issuer or (ii) if the Issuer does so seek and use such endeavours, it is unable to obtain such a rating of at least investment grade by the end of the Change of Control Period;

"Rating Agency" means Moody's Investors Service, Inc. ("**Moody's**"), Standard & Poor's Rating Services, a division of The McGraw-Hill Companies Inc. "Relevant Potential Change of Control Announcement" means any public announcement or statement by the Issuer, any actual or potential bidder or any adviser acting on behalf of any actual or potential bidder relating to any potential Change of Control where within 180 days following the date of such announcement or statement, a Change of Control occurs; and

- (g) **Purchases:** The Issuer and its Subsidiaries may at any time purchase Notes (provided that all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

In these Conditions "**Subsidiary**" means any entity whose financial statements at any time are required by law or in accordance with generally accepted accounting principles to be fully consolidated with those of the Issuer.

- (h) **Cancellation:** All Notes purchased by or on behalf of the Issuer or any of its Subsidiaries may be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer and the Guarantor in respect of any such Notes shall be discharged.

7 Payments and Talons

- (a) **Bearer Notes:** Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Notes (in the case of all payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(v)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a Bank. “**Bank**” means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET System.

- (ii) Interest on Registered Notes shall be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof (the “**Record Date**”). Payments of interest on each Registered Note shall be made in the relevant currency by cheque drawn on a Bank and mailed to the holder (or to the first-named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a Bank.
- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed one or more Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agent(s) would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Laws:** All payments are subject in all cases to (i) any applicable laws, regulations and directives in the place of payment, but without prejudice to the provisions of Condition 8, and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of Condition 8) any law implementing an intergovernmental approach thereto. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of any payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Registrar, the Transfer Agents and the Calculation Agent initially appointed by the Issuer and the Guarantor and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Registrar, Transfer Agents and the Calculation Agent(s) act solely as agents of the Issuer and the Guarantor and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer and the Guarantor reserve the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent, the Registrar, any Transfer Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents or Transfer Agents provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) one or more Calculation Agent(s) where the Conditions so require, (v) Paying Agents having specified offices in at least two major European cities and (vi) such other agents as may be required by any other stock exchange on which the Notes may be listed.

In addition, the Issuer and the Guarantor shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in Condition 7(c).

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders.

(f) **Unmatured Coupons and unexchanged Talons:**

(i) Upon the due date for redemption of Bearer Notes which comprise Fixed Rate Notes, those Notes should be surrendered for payment together with all unexpired Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unexpired Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unexpired Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).

(ii) Upon the due date for redemption of any Bearer Note comprising a Floating Rate Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

(iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

(iv) Where any Bearer Note that provides that the relative unexpired Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unexpired Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

(v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and, if necessary, another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(h) **Non-Business Days:** If any date for payment in respect of any Note or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as “**Financial Centres**” hereon and:

(i) (in the case of a payment in a currency other than euro) where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange

transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or

- (ii) (in the case of a payment in euro) which is a TARGET Business Day.

8 Taxation

All payments of principal and interest by or on behalf of the Issuer or the Guarantor in respect of the Notes and the Coupons or under the Guarantee shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the Kingdom of Sweden or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In that event, the Issuer (or the Guarantor, as the case may be) shall pay such additional amounts as shall result in receipt by the Noteholders and the Couponholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) **Other connection:** to, or to a third party on behalf of, a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the Kingdom of Sweden other than the mere holding of the Note or Coupon or
- (b) **Presentation more than 30 days after the Relevant Date:** presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day.

As used in these Conditions (and save as provided in Condition 9), “**Relevant Date**” in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or relative Certificate) or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) “**interest**” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “**principal**” or “**interest**” shall be deemed to include any additional amounts that may be payable under this Condition.

9 Prescription

Claims against the Issuer and/or the Guarantor for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the applicable Relevant Date in respect of them.

10 Events of Default

If any of the following events (“**Events of Default**”) occurs, the holder of any Note may give written notice to the Fiscal Agent at its specified office that such Note is immediately repayable, whereupon the Early Redemption Amount of such Note together (if applicable) with accrued interest to the date of payment shall become immediately due and payable:

- (b) **Breach of Other Obligations:** the Issuer or the Guarantor does not perform or comply with any one or more of its other obligations in respect of the Notes which default is incapable of remedy or is not

- (c) **Cross-Default:** (A) any other Indebtedness for Borrowed Money of the Issuer or the Guarantor becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described), or (B) any such Indebtedness for Borrowed Money is not paid when due or, as the case may be, within any originally applicable grace period, or (C) the Issuer or the Guarantor fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any Indebtedness for Borrowed Money provided that the aggregate amount of the relevant Indebtedness for Borrowed Money, guarantees and indemnities in respect of which one or more of the events mentioned above in this paragraph (c) have occurred equals or exceeds the higher of SEK400,000,000 or Euro40,000,000 or its equivalent (on the basis of the middle spot rate for the relevant currency against the euro as quoted by any leading bank on the day on which this paragraph operates) or

- (g) **Winding-up:** an administrator is appointed, an order is made or an effective resolution passed for the winding-up or dissolution or administration of the Issuer or the Guarantor, or the Issuer or the Guarantor applies or petitions for a winding-up or administration order in respect of itself (save for a solvent merger (*Sw. fusion*)) or ceases to carry on all or substantially all of its business or operations, in each case except for the purpose of and followed by a reconstruction, amalgamation, reorganisation, merger or consolidation on terms approved by an Extraordinary Resolution of the Noteholders or
- (h) **Authorisation and Consents:** any action, condition or thing (including the obtaining or effecting of any necessary consent, approval, authorisation, exemption, filing, licence, order, recording or registration) at any time required to be taken, fulfilled or done in order (i) to enable the Issuer lawfully to enter into, exercise its rights and perform and comply with its obligations under the Notes, (ii) to ensure that those obligations are legally binding and enforceable and (iii) to make the Notes admissible in evidence in the courts of England is not taken, fulfilled or done or
- (i) **Illegality:** it is or will become unlawful for the Issuer to perform or comply with any one or more of its obligations under any of the Notes or
- (j) **Guarantee:** the Guarantee is not or ceases to be (or is claimed by the Guarantor not to be) in full force and effect or
- (k) **Analogous Events:** any event occurs that under the laws of any relevant jurisdiction has an analogous effect to any of the events referred to in any of the foregoing paragraphs.

In these Conditions, “**Indebtedness for Borrowed Money**” means any present or future indebtedness (whether being principal, premium, interest or other amounts) for or in respect of (i) money borrowed or (ii) liabilities under or in respect of any acceptance or acceptance credit.

11 Meeting of Noteholders and Modifications

- (a) **Meetings of Noteholders:** The Agency Agreement contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Agency Agreement) of a modification of any of these Conditions. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the nominal amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest or Redemption Amount is shown hereon, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution or (viii) to modify or cancel the Guarantee, in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent. or at any adjourned meeting not less than 25 per cent. in nominal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

The Agency Agreement provides that a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

- (b) **Modification of Agency Agreement:** The Issuer and the Guarantor shall only permit any modification of, or any waiver or authorisation of any breach or proposed breach of or any failure to comply with, the Agency Agreement, if to do so could not reasonably be expected to be prejudicial to the interests of the Noteholders.

12 Replacement of Notes, Certificates, Coupons and Talons

If a Note, Certificate, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the specified office of the Paying Agent in Luxembourg (in the case of Bearer Notes, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Coupons or further Coupons) and otherwise as the Issuer

may require. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

13 Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in these Conditions to “Issue Date” shall be to the first issue date of the Notes) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to “Notes” shall be construed accordingly.

14 Notices

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper of general circulation in London (which is expected to be the *Financial Times*). So long as the Notes are listed on the Luxembourg Stock Exchange, notices to holders of the Notes shall also be published either on the website of the Luxembourg Stock Exchange (*www.bourse.lu*) or in a daily newspaper with general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*). If any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the date of the first publication as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition.

15 Currency Indemnity

Any amount received or recovered in a currency other than the currency in which payment under the relevant Note or Coupon is due (whether as a result of, or of the enforcement of, a judgment or order of a court of any jurisdiction, in the insolvency, winding-up or dissolution of the Issuer or the Guarantor or otherwise) by any Noteholder or Couponholder in respect of any sum expressed to be due to it from the Issuer or the Guarantor, as the case may be, shall only constitute a discharge to the Issuer or the Guarantor to the extent of the amount in the currency of payment under the relevant Note or Coupon that the recipient is able to purchase with the amount so received or recovered in that other currency on the date of that receipt or recovery (or, if it is not practicable to make that purchase on that date, on the first date on which it is practicable to do so). If the amount received or recovered is less than the amount expressed to be due to the recipient under any Note or Coupon, the Issuer, failing whom the Guarantor, shall indemnify it against any loss sustained by it as a result. In any event, the Issuer, failing whom the Guarantor, shall indemnify the recipient against the cost of making any such purchase. For the purposes of this Condition, it shall be sufficient for the Noteholder or Couponholder, as the case may be, to demonstrate that it would have suffered a loss had an actual purchase been made. These indemnities constitute a separate and independent obligation from the Issuer’s or the Guarantor’s other obligations, shall give rise to a separate and independent cause of action, shall apply irrespective of any indulgence granted by any Noteholder or Couponholder and shall continue in full force and effect despite any other judgment, order, claim or proof for a liquidated amount in respect of any sum due under any Note or Coupon or any other judgment or order.

16 Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

17 Governing Law and Jurisdiction

- (a) **Governing Law:** The Notes, the Coupons and the Talons, and any non-contractual obligations arising out of or in connection with them are, governed by, and shall be construed in accordance with, English

law, save that the provisions of Condition 3(c) (and related provisions of the Deed of Guarantee) relating to limitation of the obligations of the Guarantor are governed by, and shall be construed in accordance with, Swedish law.

- (b) **Jurisdiction:** The Courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with any Notes, Coupons or Talons and accordingly any legal action or proceedings arising out of or in connection with any Notes, Coupons or Talons (“**Proceedings**”) may be brought in such courts. Each of the Issuer and the Guarantor irrevocably submits to the jurisdiction of the courts of England and waives any objection to Proceedings in such courts on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. These submissions are made for the benefit of each of the holders of the Notes, Coupons and Talons and shall not affect the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).
- (c) **Service of Process:** Each of the Issuer and the Guarantor irrevocably appoints Business Sweden of 5 Upper Montagu Street, London W1H 2AG as its agent in England to receive, for it and on its behalf, service of process in any Proceedings in England. Such service shall be deemed completed on delivery to such process agent (whether or not, it is forwarded to and received by the Issuer or the Guarantor). If for any reason such process agent ceases to be able to act as such or no longer has an address in London, each of the Issuer and the Guarantor irrevocably agrees to appoint a substitute process agent and shall immediately notify Noteholders of such appointment in accordance with Condition 14. Nothing in this condition shall affect the right to serve process in any manner permitted by law.

USE OF PROCEEDS

The net proceeds from the issue of each Tranche of Notes will be applied by the Issuer for general corporate purposes.

If, in respect of any particular issue there is a particular identified use of proceeds other than as described above, this will be stated in the “Reasons for the Offer” section of the Final Terms.

OVERVIEW OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

1 Initial Issue of Notes

If the Global Notes or the Global Certificates are stated in the applicable Final Terms to be issued in NGN form or to be held under the NSS (as the case may be), the Global Notes or the Global Certificates will be delivered on or prior to the original issue date of the Tranche to a Common Safekeeper. Depositing the Global Notes or the Global Certificates with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Global Notes which are issued in CGN form and Global Certificates which are not held under the NSS may be delivered on or prior to the original issue date of the Tranche to a Common Depository.

If the Global Note is a CGN, upon the initial deposit of a Global Note with a common depository for Euroclear and Clearstream, Luxembourg (the “**Common Depository**”), Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If the Global Note is an NGN, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Upon the registration of the Global Certificate in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the Global Certificate to the Common Depository or Common Safekeeper, as the case may be, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

Notes that are initially deposited with the Common Depository may also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

2 Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other permitted clearing system (“**Alternative Clearing System**”) as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or any such Alternative Clearing System (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg, or such Alternative Clearing System (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

3 Exchange

3.1 Temporary Global Notes

Each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- (i) if the relevant Final Terms indicates that such Global Note is issued in compliance with TEFRA C or in a transaction to which TEFRA is not applicable (as to which, see “General Description of the Programme – Selling Restrictions”), in whole, but not in part, for the Definitive Notes defined and described below; and
- (ii) otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement for interests in a permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes.

3.2 Permanent Global Notes

Each permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided in paragraph 3.4 below, in part for Definitive Notes:

- (i) if the permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or an Alternative Clearing System and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so ; or
- (ii) if principal in respect of any Notes is not paid when due, by the holder giving notice to the Fiscal Agent of its election for such exchange.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only. A Noteholder who holds a principal amount of less than the minimum Specified Denomination will not receive a Definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that it holds an amount equal to one or more Specified Denominations.

3.3 Permanent Global Certificates

If the Final Terms state that the Notes are to be represented by a permanent Global Certificate on issue, the following will apply in respect of transfers of Notes held in Euroclear or Clearstream, Luxembourg or an Alternative Clearing System. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Notes may be withdrawn from the relevant clearing system.

Transfers of the holding of Notes represented by any Global Certificate pursuant to Condition 2(b) may only be made in part:

- (i) if the relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- (ii) if principal in respect of any Notes is not paid when due; or
- (iii) with the consent of the Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to paragraph 3.3(i) or 3.3(ii) above, the Registered Holder has given the Registrar not less than 30 days’ notice at its specified office of the Registered Holder’s intention to effect such transfer.

3.4 Partial Exchange of Permanent Global Notes

For so long as a permanent Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such permanent Global Note will be exchangeable in part on one or more occasions for Definitive Notes if principal in respect of any Notes is not paid when due.

3.5 Delivery of Notes

If the Global Note is a CGN, on or after any due date for exchange, the holder of a Global Note may surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Fiscal Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes or if the Global Note is an NGN, the Issuer will procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system. In this Prospectus, “**Definitive Notes**” means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Agency Agreement. On exchange in full of each permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

3.6 Exchange Date

“**Exchange Date**” means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Fiscal Agent is located and in the city in which the relevant clearing system is located.

4 Amendment to Conditions

The temporary Global Notes, permanent Global Notes and Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Prospectus. The following is a summary of certain of those provisions:

4.1 Payments

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a permanent Global Note or for Definitive Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with TEFRA D before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the form set out in the Agency Agreement. All payments in respect of Notes represented by a Global Note in CGN form will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Fiscal Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is an NGN or if the Global Certificate is held under the NSS, the Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note or the Global Certificate will be reduced accordingly. Payments under an NGN will be made to its holder. Each payment so made will discharge the Issuer’s obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge. For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of “business day” set out in Condition 7(h) (*Non-Business Days*).

All payments in respect of Notes represented by a Global Certificate will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the record date which shall be on the Clearing System Business Day immediately prior to the date for payment, where Clearing System Business Day means Monday to Friday inclusive except 25 December and 1 January.

4.2 Prescription

Claims against the Issuer in respect of Notes that are represented by a permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Conditions 8 and 9).

4.3 Meetings

The holder of a permanent Global Note or of the Notes represented by a Global Certificate shall (unless such permanent Global Note or Global Certificate represents only one Note) be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a permanent Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes. (All holders of Registered Notes are entitled to one vote in respect of each integral currency unit of the Specified Currency of the Notes comprising such Noteholder's holding, whether or not represented by a Global Certificate.)

4.4 Cancellation

Cancellation of any Note represented by a permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant permanent Global Note.

4.5 Purchase

Notes represented by a permanent Global Note may only be purchased by the Issuer or any of its subsidiaries if they are purchased together with the rights to receive all future payments of interest thereon.

4.6 Issuer's Option

Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) or any other Alternative Clearing System (as the case may be).

4.7 Noteholders' Options

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note may be exercised by the holder of the permanent Global Note giving notice to the Fiscal Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the nominal amount of Notes in respect of which the option is exercised and at the same time, where the permanent Global Note is a CGN, presenting the permanent

Global Note to the Fiscal Agent, or to a Paying Agent acting on behalf of the Fiscal Agent, for notation. Where the Global Note is an NGN or where the Global Certificate is held under the NSS, the Issuer shall procure that details of such exercise shall be entered *pro rata* in the records of the relevant clearing system and the nominal amount of the Notes recorded in those records will be reduced accordingly.

4.8 NGN nominal amount

Where the Global Note is an NGN, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems and upon any such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

4.9 Events of Default

Each Global Note provides that the holder may cause such Global Note, or a portion of it, to become due and repayable in the circumstances described in Condition 10 by stating in the notice to the Fiscal Agent the nominal amount of such Global Note that is becoming due and repayable. If principal in respect of any Note is not paid when due, the holder of a Global Note or Registered Notes represented by a Global Certificate may elect for direct enforcement rights against the Issuer and the Guarantor under the terms of a Deed of Covenant executed as a deed by the Issuer and the Guarantor on 25 September 2019 to come into effect in relation to the whole or a part of such Global Note or one or more Registered Notes in favour of the persons entitled to such part of such Global Note or such Registered Notes, as the case may be, as accountholders with a clearing system. Following any such acquisition of direct rights, the Global Note or, as the case may be, the Global Certificate and the corresponding entry in the register kept by the Registrar will become void as to the specified portion or Registered Notes, as the case may be. However, no such election may be made in respect of Notes represented by a Global Certificate unless the transfer of the whole or a part of the holding of Notes represented by that Global Certificate shall have been improperly withheld or refused.

4.10 Notices

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note, except that so long as the Notes are listed on the Luxembourg Stock Exchange's regulated market and the rules of that exchange so require, notices shall also be published either on the website of the Luxembourg Stock Exchange (*www.bourse.lu*) or in a daily newspaper with general circulation in Luxembourg (which is expected to be the *Luxemburger Wort*).

5 Electronic Consent and Written Resolution

While any Global Note is held on behalf of, or any Global Certificate is registered in the name of any nominee for, a clearing system, then:

- (a) approval of a resolution proposed by the Issuer given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Notes outstanding (an “**Electronic Consent**” as defined in the Agency Agreement) shall, for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which the special quorum provision was satisfied), take effect as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held, and shall be binding on all Noteholders and holders of Coupons and Talons whether or not they participated in such Electronic Consent; and

- (b) where Electronic Consent is not being sought, for the purpose of determining whether a Written Resolution (as defined in the Agency Agreement) has been validly passed, the Issuer shall be entitled to rely on consent or instructions given in writing directly to the Issuer by (a) accountholders in the clearing system with entitlements to such Global Note or Global Certificate and/or, where (b) the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person identified by that accountholder as the person for whom such entitlement is held. For the purpose of establishing the entitlement to give any such consent or instruction, the Issuer shall be entitled to rely on any certificate or other document issued by, in the case of (a) above, Euroclear, Clearstream, Luxembourg or any other relevant alternative clearing system (the “**relevant clearing system**”) and, in the case of (b) above, the relevant clearing system and the accountholder identified by the relevant clearing system for the purposes of (b) above. Any resolution passed in such manner shall be binding on all Noteholders and Couponholders, even if the relevant consent or instruction proves to be defective. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear’s EUCLID or Clearstream, Luxembourg’s CreationOnline system) in accordance with its usual procedures and in which the accountholder of a particular principal or nominal amount of the Notes is clearly identified together with the amount of such holding. The Issuer shall not be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic.

On January 30th the Croatian Competition Agency notified Tele2 of its decision to approve the sale. On March 3rd the sale was closed.

Following these changes, the Group's footprint are dominated by the Swedish business which contributed 81 percent of the Group's revenue on a pro forma basis in 2019. During the year, Tele2 underwent significant changes, laying the foundation for our new vision to turn Tele2 into the smartest telco in the world and deliver growth while operating a more lean and efficient organisation. The three Baltic operations in Lithuania, Latvia

and Estonia contributed 17 per cent of the Group’s revenue on a pro forma basis, with the remaining revenue coming mainly from Germany and IoT.

With a more focused geographical footprint and the Com Hem integration completed Tele2 can now be run in a more efficient way with a clear focus on the Baltic sea region and further strengthen the FMC focused strategy in Sweden.

Tele2, together with its subsidiaries and affiliates taken as a whole, is a European telecommunications operator and the second largest operator in Sweden in terms of mobile service revenue. Note: Continuing operations

Tele2 is a Swedish telecommunication company focused on mobile and fixed connectivity on own infrastructure. This is complemented by a number of related services, including TV and play offerings, specific Business-to-Business (“**B2B**”) services and IoT solutions.

Following a restructure of the Group over the last years, Tele2 now generates a large majority of its revenues in Sweden. After the merger with Com Hem in 2018, Tele2 is a full-service provider in Sweden with the ability to cater for all of our customers’ telecommunication needs.

The operations in the Baltics continue to be an integral part of the Group. In Estonia, Latvia and Lithuania, Tele2 mainly focus on mobile connectivity on own infrastructure.

Tele2 Germany offers fixed telephony and broadband and mobile services as an MVNO. The focus continues to be on profitability and cash contribution for the existing customer base, without any significant investments into the business.

Following the merger between Tele2 Netherlands and T-Mobile Netherlands which was completed in 2019, Tele2 maintains 25 per cent. ownership in the enlarged T-Mobile Netherlands. The Company offers fixed and mobile services, including TV in the Netherlands.

The table below specifies the Group’s revenue per segment and by services and provides an overview of the different services in each segment.

Products and Services

Mobile voice, messaging and data

Tele2 offers mobile telephony and handset related data services in all its markets. These services include:

- Mobile voice;
- Handset data services, i.e. access to the internet using a mobile handset;
- Messaging services such as SMS and MMS; and
- Value-added services such as handset insurance, antivirus and content services.

The development of this service area is mainly impacted by increased smartphone penetration and other connected devices, increased data consumption as a result of improved quality and capabilities of devices, increased use of data intensive applications such as video streaming as well as the improved user experience new generations of mobile networks enable.

Fixed broadband and fixed telephony

Tele2 offers fixed broadband and voice services to households and businesses mainly in Sweden. The broadband service delivered to households is mainly based on FiberCoax technology, but Tele2 also offers fiber and DSL based services in selected areas.

Fixed broadband services in Sweden are today provided through the Com Hem, Tele2, Comviq, Boxer, Penny and Phonera brands. Each brand targets specific segments of the Swedish market, but together cover practically all segments and geographical areas in Sweden, including both Multi-Dwelling Units and Single-Dwelling-Units.

The interest in fixed telephony services is declining, although it is still a source of profit for Tele2. With the necessary infrastructure already in place, limited investments are required, making fixed telephony a declining but profitable business for years to come.

TV & Play services

Tele2 offer TV & Play services through the Com Hem, Boxer and Penny brands in Sweden. This includes Digital-TV, Over-The-Top (“OTT”) and SVoD (“**Subscription Video on Demand**”) services and TV services over the Swedish Digital Terrestrial network provided by Teracom. In addition, Tele2 provides landlords in Sweden with a basic TV offering.

Mobile broadband

Tele2 offers mobile broadband in most of its markets. Mobile broadband provides high speed connectivity for laptops, tablets and routers and is an easy and cost-efficient way to connect to the internet.

B2B services

Tele2 targets business customers in most of its markets. The typical services offered are:

- Mobile telephony and data;
- Fixed broadband;

- Fixed telephony;
- Specific B2B telecommunication services (such as secure and encrypted connections and company-specific mobile network access points, etc.);
- Cloud services (such as voice switching, data centre services, business productivity solutions, etc.); and
- Communication as a service, whereby the Group hosts and manages equipment used by the customer rather than selling the equipment to the customer.

In Sweden, the Group offers full-scale mobile and fixed business services, to small and large companies as well as public institutions.

In October 2016, the Group completed the acquisition of TDC Sweden, which further strengthened the offering to Swedish business customers, in particular within the large enterprise segment, and allowed the Group to expand its customer offering within, for example, network as a service, unified communication and hardware.

In other markets, the Group offers fixed or mobile business services depending on its infrastructure and customer needs.

Internet of Things (“IoT”)

The Group delivers IoT services through a dedicated business unit, Tele2 IoT, which focuses on European sales but with service provisioning capability in a global footprint.

Through Tele2’s IoT solution, business critical information can be delivered in real time, allowing customers to automate events and alarms, manage fleets of vehicles and equipment installed at remote locations, and be protected from technological malfunction or fraud, ensuring that they stay on top of their business. In addition, the Group’s offering within IoT contains a number of value-added services that support the customer’s extraction and enhancement of data from devices, such as:

- Customer specific APN/VPN connections (secure data connectivity solutions);
- Management of multiple connectivity types and services (connected device management);
- Customer branded SIM cards (customer defined graphics on the SIM card); and
- Professional services to support customers with customisation or integration to the Tele2 platform.

Strategic priorities – Sweden Consumer

The initiative to offer mobile customers under the Tele2 brand who are also fixed-line customers under the Com Hem brand an opt in for benefits such as increased speed or data volume was launched.

Recent priorities include continued data monetisation and maximisation of Tele2 Sweden's multi brand strategy by positioning Tele2 Sweden as the premium choice for a connected life, Comviq as the modern mobile price fighter and Penny as the new no-frills FMC low cost brand.

Legal Proceedings

Dispute in Sweden

The Swedish copyright organisation Copyswede claims royalty payments of 3 SEK/GB for iPhones that Tele2 and other MNO's import and sell on the Swedish market. Copyswede claims that iPhones are designed and suited for private copying of copyright protected material and that the importer of the phones therefore shall do royalty payments to Copyswede when the imported phones are sold. Tele2 and all other MNO's have challenged Copyswede's position. Copyswede has initiated a pilot dispute resolution case towards Telia where the courts have found that iPhones can be considered designed and suited for private copying and therefore are subject to the system with royalty payments. In a judgement during the fourth quarter of 2018 in the Telia-dispute the County Court has ruled that the size of the payments shall be 3 SEK/GB per iPhone sold as requested by Copyswede. Telia has appealed that judgement. CopySwede is requesting retroactive royalty payments for iPhones already sold by Tele2 as from 2009 (with a cost of 3 SEK/GB that would imply a total exposure for Tele2 of approximately EUR 25 million plus interest). As a consequence of the judgment in the fourth quarter of 2018, which substantially increased Tele2's exposure, a provision has been made with 2 SEK/GB for every iPhone sold from 2009 until 31 December 2019. The provision amounts in total to approximately EUR 19 million.

Tax - Interest deduction

Tele2 currently has tax disputes in both the Administrative Court of Stockholm and the Administrative Court of Appeal regarding interest expense deductions on debt to Tele2 in Luxembourg. In total for the financial years 2013 to 2018 (no deductions has been made as from 2019) Tele2 has made interest expense deductions on debt to Tele2 in Luxembourg of SEK 1,591 million with a tax value of SEK 350 million. An amount of SEK 366 million, including interest to the Swedish Tax Agency (SEK 18 million), has been provisioned for in the accounts.

The Administrative Court of Stockholm and Administrative Court of Appeal have decided to postpone Tele2's tax disputes until further notice. The reason is that the Supreme Administrative Court has granted leave to appeal in a tax dispute where the Swedish interest limitation rules consistency with EU law will be decided.

Tax – Exchange loss deduction

Tele2 was notified in April 2019 that the Swedish Tax Agency has rejected Tele2's claim for a deduction of an exchange loss related to a conversion of a shareholder loan to the joint venture MTS in Kazakhstan from USD to Kazakh Tenge in connection with the establishment of Tele2's divested joint venture in Kazakhstan. The additional tax claim amounts to SEK 405 million and a tax surcharge of SEK 182 million. Tele2 has appealed the decision. The Tax Agency has thereafter in one of its written submission in September 2019 in the ongoing

court case declared that it accepts a deduction of parts of the exchange loss, reducing the tax claim with SEK 164 million and the tax surcharge and interest on that amount. The additional tax claim thereafter amounts to SEK 241 million with a tax surcharge and interest of SEK 111 million.

The background is that in conjunction with the forming of Tele2's joint venture in Kazakhstan with Kazakhtelecom in 2015, Kazakhtelecom requested that the parties should finance the joint venture with shareholder loans denominated in Kazakh Tenge. Tele2 therefore needed to convert a shareholder loan that Tele2 previously had provided to its Kazakh joint venture from USD to Kazakh Tenge. The Kazakh Tenge was thereafter weakened compared to Tele2's accounting currency SEK and Tele2 therefore made a deduction for an exchange loss in its tax return for 2015. The Tax Agency is however of the opinion that by executing the conversion of the loan Tele2 has voluntarily incurred the exchange loss and that the conversion from USD to Kazakh Tenge was not commercially motivated. Tele2 does not at all share this view and has appealed the decision.

Although the current situation, to our knowledge, has not been the subject of judicial review in any higher court, it is Tele2's and its advisors opinion that, considering everything that has been presented in the case so far, the likelihood of Tele2 ultimately gaining success in the dispute is higher than the probability that the Tele2 will lose the process. Should Tele2 be successful in the process, the applied tax surcharge will also be removed. Consequently, no provision has been made in the accounts.

Dispute in the Netherlands

KPN has initiated legal proceedings against Tele2 regarding the rental fees of copper lines, which Tele2 Netherlands uses as part of its fixed network operations, for the time period from 2009 – July 2014, with a total claim from KPN amounting to EUR 25.4 million, whereof interest of EUR 2.8 million. The amount is subject to pending appeals and court cases that are expected to go on for several years. In a judgement in September 2020, KPN's claim has been reduced with approximately EUR 15 million, decreasing Tele2's exposure to approximately EUR 10 million.

In relation to this dispute, Tele2 has reported a provision of EUR 17.2 million. In connection with the sale of Tele2 Netherlands to T-Mobile Netherlands, Tele2 agreed to indemnify T-Mobile Netherlands for any negative outcome of the dispute.

Dispute in Croatia

Tele2 Croatia has as part of its ordinary course of business entered into factoring agreements with Croatian banks, whereby Tele2 assigns to the banks some of its accounts receivables relating to third party distribution of prepaid vouchers. One of the third-party distributors, Tisak, is part of the Croatian Agrokor Group that has faced liquidity and solvency problems. Since one of the Croatian banks have not been able to collect payment for assigned and due accounts receivables from Tisak, they have instead started enforcement proceedings against Tele2 and has requested Tele2 to pay HKR 41 million (approximately 58 MSEK) plus interest.

A provision for the dispute has been made with HKR 26 million. In connection with the sale of Tele2 Croatia to United Group, Tele2 agreed to indemnify United Group for any negative outcome of the dispute.

Leverage target and shareholder remuneration framework

On 10 January 2018, together with the announcement of the Merger, Tele2 outlined a preliminary financial target framework for Enlarged Tele2. On 23 April 2018, the Board of Directors of Tele2, in agreement with the Board of Directors of Com Hem, decided to update the preliminary financial target framework for Enlarged Tele2, by introducing new and more specific policies for financial leverage and shareholder remuneration.

In 2019, Tele2's financial policy was updated to reflect the implementation of the IFRS 16 accounting standard applicable as of 1 January 2019.

The financial leverage target and shareholder remuneration framework are as follows:

- Tele2 will seek to operate within a range for economic net debt to underlying EBITDaAL of between 2.5-3.0x and maintain investment grade credit metrics.
- Tele2's policy will aim to maintain target leverage by distributing capital to shareholders through:
 - an ordinary dividend of at least 80 per cent. of equity free cash flow; and
 - extraordinary dividends and/or share repurchases, based on remaining equity free cash flow, proceeds from asset sales and re-leveraging of underlying EBITDaAL growth.

Market overview of Tele2

Key telecommunication industry trends and drivers in Europe

Tele2 has identified the following key market trends that are expected to continue to influence the telecommunications industry and Tele2's business.

Growing importance of data

In recent years, data consumption has grown significantly due to faster networks, improved smartphones, more connected devices and, as a result of this, changed customer behaviour.

According to Ericsson, global mobile data traffic is forecasted to grow at a compound annual growth rate ("CAGR") of 25 per cent. between 2019 and 2025. Western Europe and Eastern Europe are both slightly above the global average, with an expected growth of 27-28 per cent. until 2025.

Tele2 believes that the growing importance of data presents both challenges and opportunities for telecommunication operators in the coming years and that the key success factor will be telecommunication operators' ability to monetise the strong growth in data traffic whilst catering for the increased demands from the customers.

Continued network development and technology innovation

As demand for data increases rapidly in the coming years, telecommunication operators will have to continue to be at the forefront in terms of network performance to be able to provide customers with a customer experience in line with their expectations. Tele2 expects focus to be on network development around mobile and fixed access solutions that enables even faster, more flexible and secure transfer of data. 5G is the key shift for mobile networks, which will enable higher throughput, lower latency and a more reliable customer experience. The first 5G launches were made in 2018/2019 and is expected to continue to be rolled-out for a number of years across the world. For Fixed networks, increased build-out of fiber, as well as modernisation of existing coax networks, are expected in many countries to cater for the increased data traffic transfer.

Consolidation

Pressure for consolidation remains high in the European telecommunications industry, in particular as a result of high investment needs for network build-out.

Merger notifications in the electronic communications sector have been subject to close scrutiny over the last few years at both the Swedish and European Union level. The European Commission closely investigates mobile mergers and is prepared to intervene when the executive body sees no direct benefits for end customers. In the past, there have been both failed mergers, including Telia Company and Telenor in Denmark in 2015, and approved mergers, including Hutchison and Veon in Italy in 2018. In 2020, the European Union's General Court overturned the European Commission's 2016 decision to block the takeover of O2 by Three in the UK. This has increased the industry's anticipation of further consolidation to support next-generation infrastructure roll-outs.

The EC has also assessed fixed-mobile mergers on a number of occasions, however generally with less interventions. For example, both the merger of Vodafone's and Liberty Global's operations in the Netherlands as well as British Telecom's takeover of Everything Everywhere were cleared in 2016.

Fixed-mobile convergence

Fixed mobile convergence is a growing trend across Europe, with operators combining wireless and fixed businesses in countries such as the UK, Germany, Spain and the Netherlands to offer consumers bundled telecommunication products. This has been driven by the consumers' desire to receive services such as mobile, broadband and TV from a single operator with an "all-in-one" price. This shift to bundling of products has also been seen in other advanced industries recently, where companies combine their services to achieve higher sales, improved customer satisfaction and reduced churn.

Internet of Things

The IoT market is experiencing a strong growth that is forecasted to continue over a foreseeable future. Ericsson forecast that global IoT connections will increase from 10.7 billion in 2019 to 24.6 billion in 2025. The IoT market is still in its' early days, with technical standards being developed by a need for low power and low cost sensors. The IoT value chain is composed of hardware, connectivity, value added services, system integration and vertical application suppliers.

Viewing preferences and new TV services

Across the industry there has been a general shift of viewing habits for consumers. The amount of content being consumed in linear form has been flat or is declining, whilst so called Over-the-top ("OTT") services and SVoD ("**Subscription Video on Demand**") have been increasing. Increasing smartphone penetration and smart TVs have caused a shift in viewing patterns for customers. According to Ericsson, 63 per cent. of mobile data traffic was generated by video services in 2019, and this share is expected to increase to 76 per cent. in 2025. According to Analysys Mason, the total retail revenue from OTT video services worldwide will grow at a CAGR of 14 per cent. between 2019 and 2024. In terms of subscribers, OTT video will grow at a CAGR of 12 per cent. in the same period to 1.16 billion. The number of individual subscriptions will be significantly higher than this as many users will subscribe to multiple services, particularly in more-economically developed regions.

Simplification, transformation and cost efficiency

Since the telecommunications industry is mature with limited growth in the core services, cost efficiency becomes one of the key levers to drive increased profitability. To enable this, operators around the world launch transformation programmes aimed at simplification and cost reductions. This may include removing legacy systems, reducing organisational complexity and introducing modern operating models. While these transformations result in reductions of both operational and capital expenditures, they are also aimed at serving the customer in the best way possible with an efficient and fast organisation.

NON-IFRS FINANCIAL MEASURES

- (A) The Group uses certain measures derived from consolidated financial data but not presented in its financial statements prepared in accordance with IFRS. EBITDA: Operating profit/loss before depreciation/amortization, impairment as well as results from shares in joint ventures and associated companies.

Furthermore, economic net debt is considered relevant as it excludes lease liabilities, and thereby consistently can be put in relation to underlying EBITDAaL when measuring financial leverage.

Organic

Tele2 believes that organic growth rates are relevant to present as they exclude effects from currency movements but include effects from divestments and acquisitions as if these occurred on the first day of each reporting period, and are therefore providing an indication of the underlying performance.

TAXATION

Swedish Taxation

The following summary outlines certain Swedish tax consequences relating to holders of Notes. The summary is based on the laws of the Kingdom of Sweden as currently in effect and is intended to provide general information only. The summary does not address, inter alia, situations where the Notes are held in an investment savings account (Sw. investeringssparkonto) or the rules regarding reporting obligations for, among others, payers of interest. Investors should consult their professional tax advisers regarding the Swedish tax and other tax consequences (including the applicability and effect of tax treaties for the avoidance of double taxation) of acquiring, owning and disposing of Notes in their particular circumstances.

Holders not tax resident in the Kingdom of Sweden

Payments of any principal amount or any amount that is considered to be interest for Swedish tax purposes to a holder of Notes should not be subject to Swedish income tax, provided that such a holder (i) is not resident in the Kingdom of Sweden for Swedish tax purposes and (ii) does not have a permanent establishment in the Kingdom of Sweden to which the Notes are effectively connected.

Swedish withholding tax, or Swedish tax deduction, is not imposed on payments of any principal amount or any amount that is considered to be interest for Swedish tax purposes, except for certain payments of interest (and other return on Notes) to a private individual (or an estate of a deceased individual) who is resident in Sweden for Swedish tax purposes (see “Holders tax resident in the Kingdom of Sweden” below).

Holders tax resident in the Kingdom of Sweden

In general, for Swedish corporations and private individuals (and estates of deceased individuals) with residence in the Kingdom of Sweden for Swedish tax purposes, all capital income (for example, income that is considered to be interest for Swedish tax purposes and capital gains on Notes) will be taxable. Specific tax consequences may be applicable to certain categories of corporations, for example life insurance companies. Moreover, specific tax consequences may be applicable if, and to the extent that, a holder of Notes realises a capital loss on a Note due to any currency exchange gains or losses.

If amounts that are deemed as interest for Swedish tax purposes are paid by a legal entity domiciled in the Kingdom of Sweden, including a Swedish branch, or in certain cases a clearing institution within the EEA, to a private individual (or an estate of a deceased individual) with residence in the Kingdom of Sweden for Swedish tax purposes, Swedish preliminary taxes are normally withheld by such legal entity on such payments. Swedish preliminary taxes should normally also be withheld on other returns on Notes (but not capital gains), if the return is paid out together with such a payment of interest referred to above.

Payments under the Guarantee

If the Guarantor makes any payments under the Guarantee, for Swedish tax purposes such payments will be subject to the same tax treatment as if they were made by the Issuer. Please see the relevant section above.

Luxembourg

Withholding tax and self-applied tax

Under Luxembourg tax law currently in effect and with the possible exception of interest paid to certain individual Noteholders, there is no Luxembourg withholding tax on payments of interest (including accrued but unpaid interest). There is also no Luxembourg withholding tax, with the possible exception of payments made to certain individual Noteholders, upon repayment of principal in case of reimbursement, redemption, repurchase or exchange of the Notes.

Pursuant to the Luxembourg law of 23 December 2005, as amended (the “**Law**”), interest payments made by Luxembourg paying agents to Luxembourg individual residents are subject to a 20 per cent. withholding tax (the “**20 per cent. Luxembourg Withholding Tax**”).

In accordance with the Law, Luxembourg resident individuals, acting in the course of their private wealth, can opt to self-declare and pay a 20 per cent. tax (the “**20 per cent. Tax**”) on interest payments made by paying agents located in an EU Member State other than Luxembourg, or a Member State of the European Economic Area other than an EU Member States.

The 20 per cent. Luxembourg Withholding Tax or the 20 per cent. Tax represents the final tax liability on interest received for the Luxembourg resident individuals receiving the interest payment in the course of their private wealth (and can be reduced in consideration of foreign withholding tax, based on double tax treaties concluded by Luxembourg). Individual Luxembourg resident Noteholders receiving the interest as business income must include this interest in their taxable basis; if applicable, the 20 per cent. Luxembourg Withholding Tax levied will be credited against their final income tax liability.

FATCA Withholding

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a “foreign financial institution” may be required to withhold on certain payments it makes (“**foreign passthru payments**”) to persons that fail to meet certain certification, reporting, or related requirements. A number of jurisdictions (including Sweden) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“**IGAs**”), which modify the way in which FATCA applies in their jurisdictions. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register and Notes that are characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining “foreign passthru payments” are filed with the U.S. Federal Register generally would be “grandfathered” for purposes of FATCA withholding unless materially modified after such date. However, if additional notes (as described under “*Terms and Conditions of the Notes – Further Issues*”) that are not distinguishable from these Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 22 October 2020 (the “**Dealer Agreement**”) between the Issuer, the Guarantor, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

Each of the Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for certain of its expenses incurred in connection with the update of the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer and the Guarantor has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering of any identifiable tranche of Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering of such tranche of Notes) may violate the registration requirements of the Securities Act.

Unless the Final Terms in respect of any Notes specifies the “Prohibition of Sales to EEA and UK Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the

provided that no such offer of Notes referred to in (a) to (c) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an "**offer of Notes to the public**" in relation to any Notes in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes and the expression "**Prospectus Regulation**" means Regulation (EU) 2017/1129.

- (b) in other circumstances which are exempted from the rules on public offerings pursuant to Article 100 of the Financial Services Act and Issuers Regulation.

In any event, any offer, sale or delivery of the Notes or distribution of copies of this Prospectus or any other document relating to the Notes in Italy under (a) or (b) above must be:

- (i) made by an investment firm, bank or financial intermediary permitted to conduct such activities in Italy in accordance with the Financial Services Act, Legislative Decree No. 385 of 1 September 1993 (the "**Banking Act**") and CONSOB Regulation No. 20307 of 15 February 2018, all as amended from time to time;
- (ii) in compliance with Article 129 of the Banking Act, as amended from time to time, and the implementing guidelines of the Bank of Italy, as amended from time to time; and

- (iii) in compliance with any other applicable laws and regulations, including any limitation or requirement which may be imposed from time to time by CONSOB or the Bank of Italy or other competent authority.

Investors should note that, in accordance with Article 100-bis of the Financial Services Act, where no exemption from the rules on public offerings applies under (a) and (b) above, the subsequent distribution of the Notes on the secondary market in Italy must be made in compliance with the public offer and the prospectus requirement rules provided under the Financial Services Act and the Issuers Regulation. Furthermore, where no exemption from the rules on public offerings applies, the Notes which are initially offered and placed in Italy or abroad to professional investors only but in the following year are "systematically" distributed on the secondary market in Italy become subject to the public offer and the prospectus requirement rules provided under the Financial Services Act and Issuers Regulation. Failure to comply with such rules may result in the sale of such Notes being declared null and void and in the liability of the intermediary transferring the financial instruments for any damages suffered by the purchasers of Notes who are acting outside of the course of their business or profession.

General

These selling restrictions may be modified by the agreement of the Issuer, the Guarantor and the Dealers following a change in a relevant law, regulation or directive. Any such modification will be set out in the Subscription Agreement issued in respect of the issue of such Notes or in a supplement to this Prospectus.

No representation is made that any action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of this Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

Each Dealer has agreed that it shall, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes this Prospectus, any other offering material or any Final Terms, in all cases at its own expense.

THE DEED OF GUARANTEE

The following is the text of the Deed of Guarantee which has been entered into by Tele2 Sverige.

“**This Amended and Restated Deed of Guarantee** is made on 25 September 2019 by Tele2 Sverige AB (the “**Guarantor**”) in favour of the Holders and the Relevant Account Holders.

Whereas:

- (A) Tele2 AB (publ) (the “**Issuer**”) proposed to issue euro medium term notes guaranteed by the Guarantor (the “**Notes**”, which expression shall, if the context so admits, include the Global Notes (in temporary or permanent form) to be initially delivered in respect of the Notes and any related coupons and talons) pursuant to an amended and restated agency agreement, as amended or supplemented from time to time dated 25 September 2019 between, among others, the Issuer, the Guarantor and BNP Paribas Securities Services, Luxembourg Branch as Fiscal Agent (the “**Fiscal Agent**”).
- (B) The Issuer has, in relation to the Notes issued by it, entered into an amended and restated deed of covenant (as amended and supplemented from time to time, the “**Deed of Covenant**”) dated 25 September 2019.
- (C) The Guarantor has agreed to guarantee the payment of all sums expressed to be payable from time to time by the Issuer in respect of the Notes to the holders of any Notes (the “**Holders**”) issued by it and under the Deed of Covenant to the Relevant Account Holders (the “**Guarantee**”) and entered into a deed of guarantee dated 13 April 2012 (the “**Original Deed of Guarantee**”), as amended and supplemented from time to time, most recently amended and restated by an Amended and Restated Deed of Guarantee dated 22 October 2018.
- (D) It has been decided to amend and restate the Original Deed of Guarantee. Therefore, with effect from the date hereof, the Original Deed of Guarantee shall for all purposes be amended and restated as set out in this Amended and Restated Deed of Guarantee (the “**Deed**”) and, accordingly, this Deed will apply to Notes issued under the Programme on or after the date of this Deed, except those which are expressed to be consolidated and form a single series with Notes issued under the Programme before the date of this Deed.

This Deed Witnesses as follows:

1 Interpretation

- 1.1 **Defined Terms:** In this Deed, unless otherwise defined herein, capitalised terms shall have the same meaning given to them in the Deed of Covenant and the Conditions (as defined in the Deed of Covenant).
- 1.2 **Headings:** Headings shall be ignored in construing this Deed.
- 1.3 **Contracts:** References in this Deed to “this Deed” or any other document are to this Deed or these documents as amended, supplemented or replaced from time to time in relation to the Programme and includes any document that amends, supplements or replaces them.

2 Guarantee and Indemnity

- 2.1 **Guarantee:** The Guarantor unconditionally and irrevocably guarantees that if the Issuer does not pay any sum payable by it under the Deed of Covenant or the Notes by the time and on the date specified for such payment (whether on the normal due date, on acceleration or otherwise), the Guarantor shall pay that sum to each Holder and each Relevant Account Holder before close of business on that date in the city to which payment is so to be made. All payments under this Guarantee by the Guarantor shall be made subject to the Conditions.

- 2.2 Guarantor as Principal Debtor:** As between the Guarantor, the Holders and the Relevant Account Holders but without affecting the Issuer's obligations, the Guarantor shall be liable under this Guarantee as if it were the sole principal debtor and not merely a surety. Accordingly, its obligations shall not be discharged, nor shall its liability be affected, by anything that would not discharge it or affect its liability if it were the sole principal debtor, including (1) any time, indulgence, waiver or consent at any time given to the Issuer or any other person, (2) any amendment to any other provisions of this Guarantee, the Deed of Covenant or the Conditions or to any security or other guarantee or indemnity, (3) the making or absence of any demand on the Issuer or any other person for payment, (4) the enforcement or absence of enforcement of this Guarantee, the Notes, the Deed of Covenant or of any security or other guarantee or indemnity, (5) the taking, existence or release of any security, guarantee or indemnity, (6) the dissolution, amalgamation, reconstruction or reorganisation of the Issuer or any other person or (7) the illegality, invalidity or unenforceability of or any defect in any provision of this Guarantee, the Notes, the Deed of Covenant or any of the Issuer's obligations under any of them.
- 2.3 Guarantor's Obligations Continuing:** The Guarantor's obligations under this Guarantee are and shall remain in full force and effect by way of continuing security until no sum remains payable under the Notes, the Deed of Covenant or this Guarantee and no further Notes may be issued by the Issuer under the Programme. Furthermore, those obligations of the Guarantor are additional to, and not instead of, any security or other guarantee or indemnity at any time existing in favour of any person, whether from the Guarantor or otherwise and may be enforced without first having recourse to the Issuer, any other person, any security or any other guarantee or indemnity. The Guarantor irrevocably waives all notices and demands of any kind.
- 2.4 Exercise of Guarantor's Rights:** So long as any sum remains payable under the Notes, the Deed of Covenant or this Guarantee, the Guarantor shall not exercise or enforce any right, by reason of the performance of any of its obligations under this Guarantee, to be indemnified by the Issuer or to take the benefit of or enforce any security or other guarantee or indemnity.
- 2.5 Avoidance of Payments:** The Guarantor shall on demand indemnify the relevant Holder or Relevant Account Holder, on an after tax basis, against any cost, loss, expense or liability sustained or incurred by it as a result of it being required for any reason (including any bankruptcy, insolvency, winding-up, dissolution or similar law of any jurisdiction) to refund all or part of any amount received or recovered by it in respect of any sum payable by the Issuer under the Notes or the Deed of Covenant and shall in any event pay to it on demand the amount as refunded by it.
- 2.6 Debts of Issuer:** If any moneys become payable by the Guarantor under this Guarantee, the Issuer shall not (except in the event of the liquidation of the Issuer) so long as any such moneys remain unpaid, pay any moneys for the time being due from the Issuer to the Guarantor.
- 2.7 Indemnity:** As separate, independent and alternative stipulations, the Guarantor unconditionally and irrevocably agrees: (1) that any sum that, although expressed to be payable by the Issuer under the Notes, the Deed of Covenant or this Guarantee, is for any reason (whether or not now existing and whether or not now known or becoming known to the Issuer, the Guarantor, a Holder or a Relevant Account Holder) not recoverable from the Guarantor on the basis of a guarantee shall nevertheless be recoverable from it as if it were the sole principal debtor and shall be paid by it to the Holder or Relevant Account Holder (as the case may be) on demand; and (2) as a primary obligation to indemnify each Holder and Relevant Account Holder against any loss suffered by it as a result of any sum expressed to be payable by the Issuer under the Notes, the Deed of Covenant or this Guarantee not being paid on the date and otherwise in the manner specified in this Guarantee or in the Conditions or any payment obligation of the Issuer under the Notes, the Deed of Covenant or this Guarantee being or becoming void, voidable or unenforceable for any reason (whether or not now existing and whether or not now known or becoming known to a Holder or a Relevant Account Holder), the amount of that loss being the amount expressed to be payable by the Issuer in respect of the relevant sum.

2.8 Incorporation of Terms: The Guarantor agrees that it will comply with and be bound by all such provisions contained in the Conditions which relate to it.

3 Payments

3.1 Payments Free of Taxes: All payments by the Guarantor under this Guarantee shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the Kingdom of Sweden or any political subdivision or any authority thereof or therein having power to tax, unless such withholding or deduction is required by law. In that event, the Guarantor shall pay such additional amounts as shall result in receipt by the Holders and Relevant Account Holders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable:

3.1.1 to, or to a third party on behalf of, a Holder or Relevant Account Holder who is liable to such taxes, duties, assessments or governmental charges in respect of the relevant Note or Coupon by reason of his having some connection with the Kingdom of Sweden other than the mere holding of the Note or Coupon; or

3.1.2 in respect of any demand for payment made more than 30 days after the Relevant Date except to the extent that the Holder or Relevant Account Holder would have been entitled to such additional amounts on making such demand on the thirtieth such day.

Defined terms used in this Clause 3.1 shall have the meanings given to them in the Conditions.

3.2 Stamp Duties: The Guarantor covenants to and agrees with the Holders and Relevant Account Holders that it shall pay promptly, and in any event before any penalty becomes payable, any stamp, documentary, registration or similar duty or tax payable in the United Kingdom, the Kingdom of Sweden, Belgium or Luxembourg, as the case may be, or in the country of any currency in which the Notes may be denominated or amounts may be payable in respect of the Notes or any political subdivision or taxing authority thereof or therein in connection with the entry into, performance, enforcement or admissibility in evidence of this Deed and/or any amendment of, supplement to or waiver in respect of this Deed, and shall indemnify each of the Holders and Relevant Account Holders, on an after tax basis, against any liability with respect to or resulting from any delay in paying or omission to pay any such tax, unless the documents relating to the Deed are voluntarily registered in Luxembourg or appended to a document that requires obligatory registration in Luxembourg.

4 Limitations

The obligations of the Guarantor under this Guarantee shall be limited, if (and only if) required by the mandatory provisions of the Swedish Companies Act (Sw. *Aktiebolagslagen (2005:551)*) (the “**Swedish Companies Act**”) regulating unlawful distribution of assets and transfer of value (Chapter 17, Sections 1 to 4) (or its equivalent from time to time) and the liability of the Guarantor under this Guarantee will exist only to the extent permitted by the above mentioned provisions of the Swedish Companies Act.

5 Amendment and Termination

The Guarantor may not amend, vary, terminate or suspend this Guarantee or its obligations hereunder unless such amendment, variation, termination or suspension shall have been approved by an Extraordinary Resolution to which the special quorum provisions specified in the Notes apply to the holders of each series of Notes outstanding, save that nothing in this Clause shall prevent the Guarantor from increasing or extending its obligations hereunder by way of supplement to this Guarantee at any time.

6 General

6.1 Benefit: This Guarantee shall enure for the benefit of the Holders and the Relevant Account Holders.

6.2 Deposit of Guarantee: The Guarantor shall deposit this Deed with the Fiscal Agent, to be held by the Fiscal Agent until all the obligations of the Guarantor have been discharged in full. The Guarantor acknowledges the right of each Holder and each Relevant Account Holder to the production of, and to obtain a copy of, this Deed.

7 Governing Law and Jurisdiction

7.1 Governing Law: This Deed and any non-contractual obligations arising out of or in connection with it shall be governed by and construed in accordance with English law, save that the provisions of Clause 4 relating to limitation of the obligations of the Guarantor are governed by, and shall be construed in accordance with, Swedish law.

7.2 Jurisdiction: The courts of England are to have jurisdiction to settle any disputes that may arise out of or in connection with this Deed and accordingly any legal action or proceedings arising out of or in connection with this Deed (“**Proceedings**”) may be brought in such courts. The Guarantor irrevocably submits to the jurisdiction of such courts and waives any objection to Proceedings in such courts whether on the ground of venue or on the ground that the Proceedings have been brought in an inconvenient forum. This Clause is for the benefit of each of the Relevant Account Holders and each of the Holders and shall not limit the right of any of them to take Proceedings in any other court of competent jurisdiction nor shall the taking of Proceedings in one or more jurisdictions preclude the taking of Proceedings in any other jurisdiction (whether concurrently or not).

7.3 Agent for Service of Process: The Guarantor irrevocably appoints Business Sweden of 5 Upper Montagu Street, London, W1H 2AG as its agent in England to receive service of process in any Proceedings in England based on this Deed. If for any reason the Guarantor does not have such an agent in England, it shall promptly appoint a substitute process agent and notify the Noteholders of such appointment in accordance with the Conditions. Nothing herein shall affect the right to serve process in any other manner permitted by law.

In witness whereof the Guarantor has caused this Deed to be duly delivered as a deed on the date stated at the beginning.
