Q4 Highlights

- TDC Sweden consolidated as of October 31, 2016
- Net sales flat (excl. TDC) due to the higher mobile growth being offset by lower fixed telephony and wholesale revenues
- Continued strong mobile end-user service revenue growth of 4%, excl. TDC, driven by consumer postpaid and large enterprise segment
- EBITDA, excl. TDC, flat year-on-year due to higher marketing spend
Sweden – Continuing momentum

### Q4 Highlights

- Net sales growth driven by continued demand for data services and equipment sales
- Mobile end-user service revenue growth driven by prepaid to postpaid migration, data monetization and growth in mobile broadband
- EBITDA growth despite increased marketing investment into the mobile broadband segment in Lithuania
Baltics – Data monetization continues

Q4 Highlights
- Strong data monetization driven by ongoing prepaid to postpaid transition and data centric pricing
- Strong ASPU growth, especially in Lithuania, driven by mobile broadband and consumer postpaid
- 4G handset penetration continues to drive data consumption
- 99% network coverage drives higher data usage and purchase of top-up data buckets

### Q4 Highlights

- Net sales up due to strong mobile momentum, slightly offset by decline in fixed
- Strong mobile end-user service revenue driven by 24% increase in customer base and solid ASPU development
- Excluding last year’s VAT adjustment of SEK 90 million, underlying mobile end-user service revenue grew 40%
- EBITDA impacted by investments related to mobile launch and benefit of VAT adjustment in Q4 2015
Netherlands – Continuing momentum

Q4 Highlights
- Awareness and consideration remain at high levels supported by our ongoing innovative “Fun Rebel Campaign”
- Maintaining a solid market share of new postpaid contracts, 58k net intake in the quarter, despite increased competitive pressure
- Good progress in data on-loading on own network driven by network rollout now at >99% outdoor and >90% indoor coverage
- Doubled our 4G customer base year-on-year to >800k, of which >600k are provisioned for VoLTE and 170k active
