Furthermore, it was resolved that the remuneration to the auditor shall be paid in accordance with approved invoices.
- Adopt the following procedure for preparation of the election of the Board of Directors and auditor. The work of preparing a proposal on the directors of the Board and auditor, in the case that an auditor should be elected, and their remuneration as well as the proposal on the Chairman of the Annual General Meeting of 2012 shall be performed by a Nomination Committee. The Nomination Committee will be formed during October 2011 in consultation with the largest shareholders of the Company as per 30 September 2011. The Nomination Committee will consist of at least three members representing the largest shareholders of the Company. The Nomination Committee is appointed for a term of office commencing at the time of the announcement of the third quarter report in 2011 and ending when a new Nomination Committee is formed. The majority of the members of the Committee may not be directors of the Board of Directors or employed by the Company. If a member of the Committee resigns before the work is concluded, a replacement member may be appointed after consultation with the largest shareholders of the Company. However, unless there are special circumstances, there shall not be changes in the composition of the Nomination Committee if there are only marginal changes in the number of votes, or if a change occurs less than three months prior to the Annual General Meeting. Cristina Stenbeck will be a member of the Committee and will also act as its convenor. The members of the Committee will appoint the Committee Chairman at their first meeting. The Nomination Committee

shall have the right to upon request receive personnel resources such as secretarial services from the Company, and to charge the Company with costs for recruitment consultants if deemed necessary.

- Approve the proposed guidelines for remuneration to the senior executives.
- Adopt a performance based incentive programme (the "Plan"). The Plan includes in total approximately 300 senior executives and other key employees within the Tele2 group. The participants in the Plan are required to own shares in Tele2. These shares can either be shares already held or shares purchased on the market in connection with notification to participate in the Plan. As a consequence of market conditions, employees in Russia and Kazakhstan will be offered to participate in the Plan without being required to hold shares in Tele2. In such cases, the number of allotted retention rights and performance rights under the Plan will be reduced, and correspond to 37.5 percent of the number of rights allotted for participation with a personal investment. Thereafter the participants will be granted, by the Company free of charge, retention rights and performance rights on the terms resolved by the AGM. Subject to fulfilment of certain retention and performance based conditions, the participant maintaining the employment within the Tele2 group at the date of the release of the interim report January – March 2014 and subject to the participant maintaining the invested shares, each right entitles the employee to receive one Class B share in the Tele2. The Plan has the same structure as the plan that was adopted at the 2010 AGM. Maximum 1,700,000 Class C shares held by the Company after reclassification into Class B shares may be transferred to participants under the Plan.
- Authorise the Board of Directors to pass a resolution on one or more occasions for the period up until the next Annual General Meeting on repurchasing so many Class A and/or Class B shares that the Company's holding does not at any time exceed 10 percent of the total number of shares in the Company. The repurchase of shares shall take place on the NASDAQ OMX Stockholm and may only occur at a price within the share price interval registered at that time, where share price interval means the difference between the highest buying price and lowest selling price and it is the, from time to time, lowest-priced shares that shall be acquired. The purpose of the authorisation is to give the Board of Directors flexibility to continuously decide on changes to the capital structure during the year and thereby contribute to increased shareholder value.
- Amend the Articles of Association involving that the term of office of the auditor shall last until the end of the AGM which is held during the fourth financial year after the election and that the rules regarding the timetable for the notice convening General Meetings is removed from the Articles of Association.
- Reject shareholder's proposals to appoint an independent examiner according to Chapter 10 Section 21 of the Swedish Companies Act to investigate the Company's customer policy and investor relations policy, establish a customer ombudsman function, an annual evaluation of the Company's "work with gender and ethnicity" and "separate General Meetings".
